出典：安達正勝『死刑執行人サンソン』

An aged wolf searches desperately for
prey.

Dancing to and fro here and there,
he finds it.

Fresh blood is scattered all around
the area.

He howls like a brave warrior
towards his pack.

Do not be fooled, wipe away the false
blood.

Bear your own fangs and fight.
Only those who are clad in blood
they themselves spilt
are the ones that make their way to
new eras.

Carte Map

Born 843 years after the death of Charlemagne, the country boasting the greatest productivity and population in Europe. Its capital is Paris, but in 1682 Louis XIV moved the center of the government to Versailles.

A city that developed in Northern France on a shoal in the Siene river. Since the year 508, it has been the capital of France. In 1682, Louis XIV moved capital operations southwest to Versailles. Now Paris is the core of France's economics, culture, and scholarship as France's second capital. In 1789, the people pressed the king to return to Paris, moving the stage of the government and the revolution from Versailles to Paris.

Histoire jusqu'à présent.

The story leading to the present.

Gabriel, the depressed second son born into the family of executioners the Sansons, threw himself off the execution platform, ending his own life. Even after ending the lives of so many convicts at his own hand, the death of his son caused a great shock to Charles. Even after sending in appeals to resign as executioners and to abolish the death penalty, with the political situation so unstable and executions only increasing, they had no chance of being accepted. Charles was then afflicted by madness, leaving him unable to carry out the duties of Monsieur de Paris. It was during this that the long dispute over what to do with citizen Louis Capet (King Louis XVI) ended with a vote of the National Convention which decided by a one-vote difference to execute him. The eldest son Henri who was acting in place of his father, Charles, felt unable to handle the unprecedented responsibility of executing a king, and so he sent a letter to his aunt Marie asking for help.

The day before the execution, Marie visited the Sanson household dressed as their deceased grandmother, Marthe. Marie punished her brother as their grandmother used to when she was alive, binding him and hanging him in the air, and bringing him back to his senses through the pain. This major task unlike anything the family has ever experienced - the act of executing a king - was now set to be done under the command of the now-recovered Charles.

January 21st 1793. Place de la Révolution is filled to the brim with people. Louis climbed the execution platform with the dignity of a king. Charles carried out his duty undaunted. The silver blade cut through the king's neck, Charles held up the head, and cheers of 'Long live the Republic' rose from the crowd. But one man recklessly shouted that 'The king's blood brings good luck', and, seeking the blood, the crowd turned into a mob. Marie drove a carriage in order to take up the task of burying the body, and is now heading to Madeleine cemetery with Zéro, but will they make it?!

The Angle of Assassination

L'ange de l'assassinat

January 21st, 1793. In front of a crowd filling Place de la Révolution to the brim, the neck of the man once known as King Louis XVI was severed by a silver blade dropped onto it.

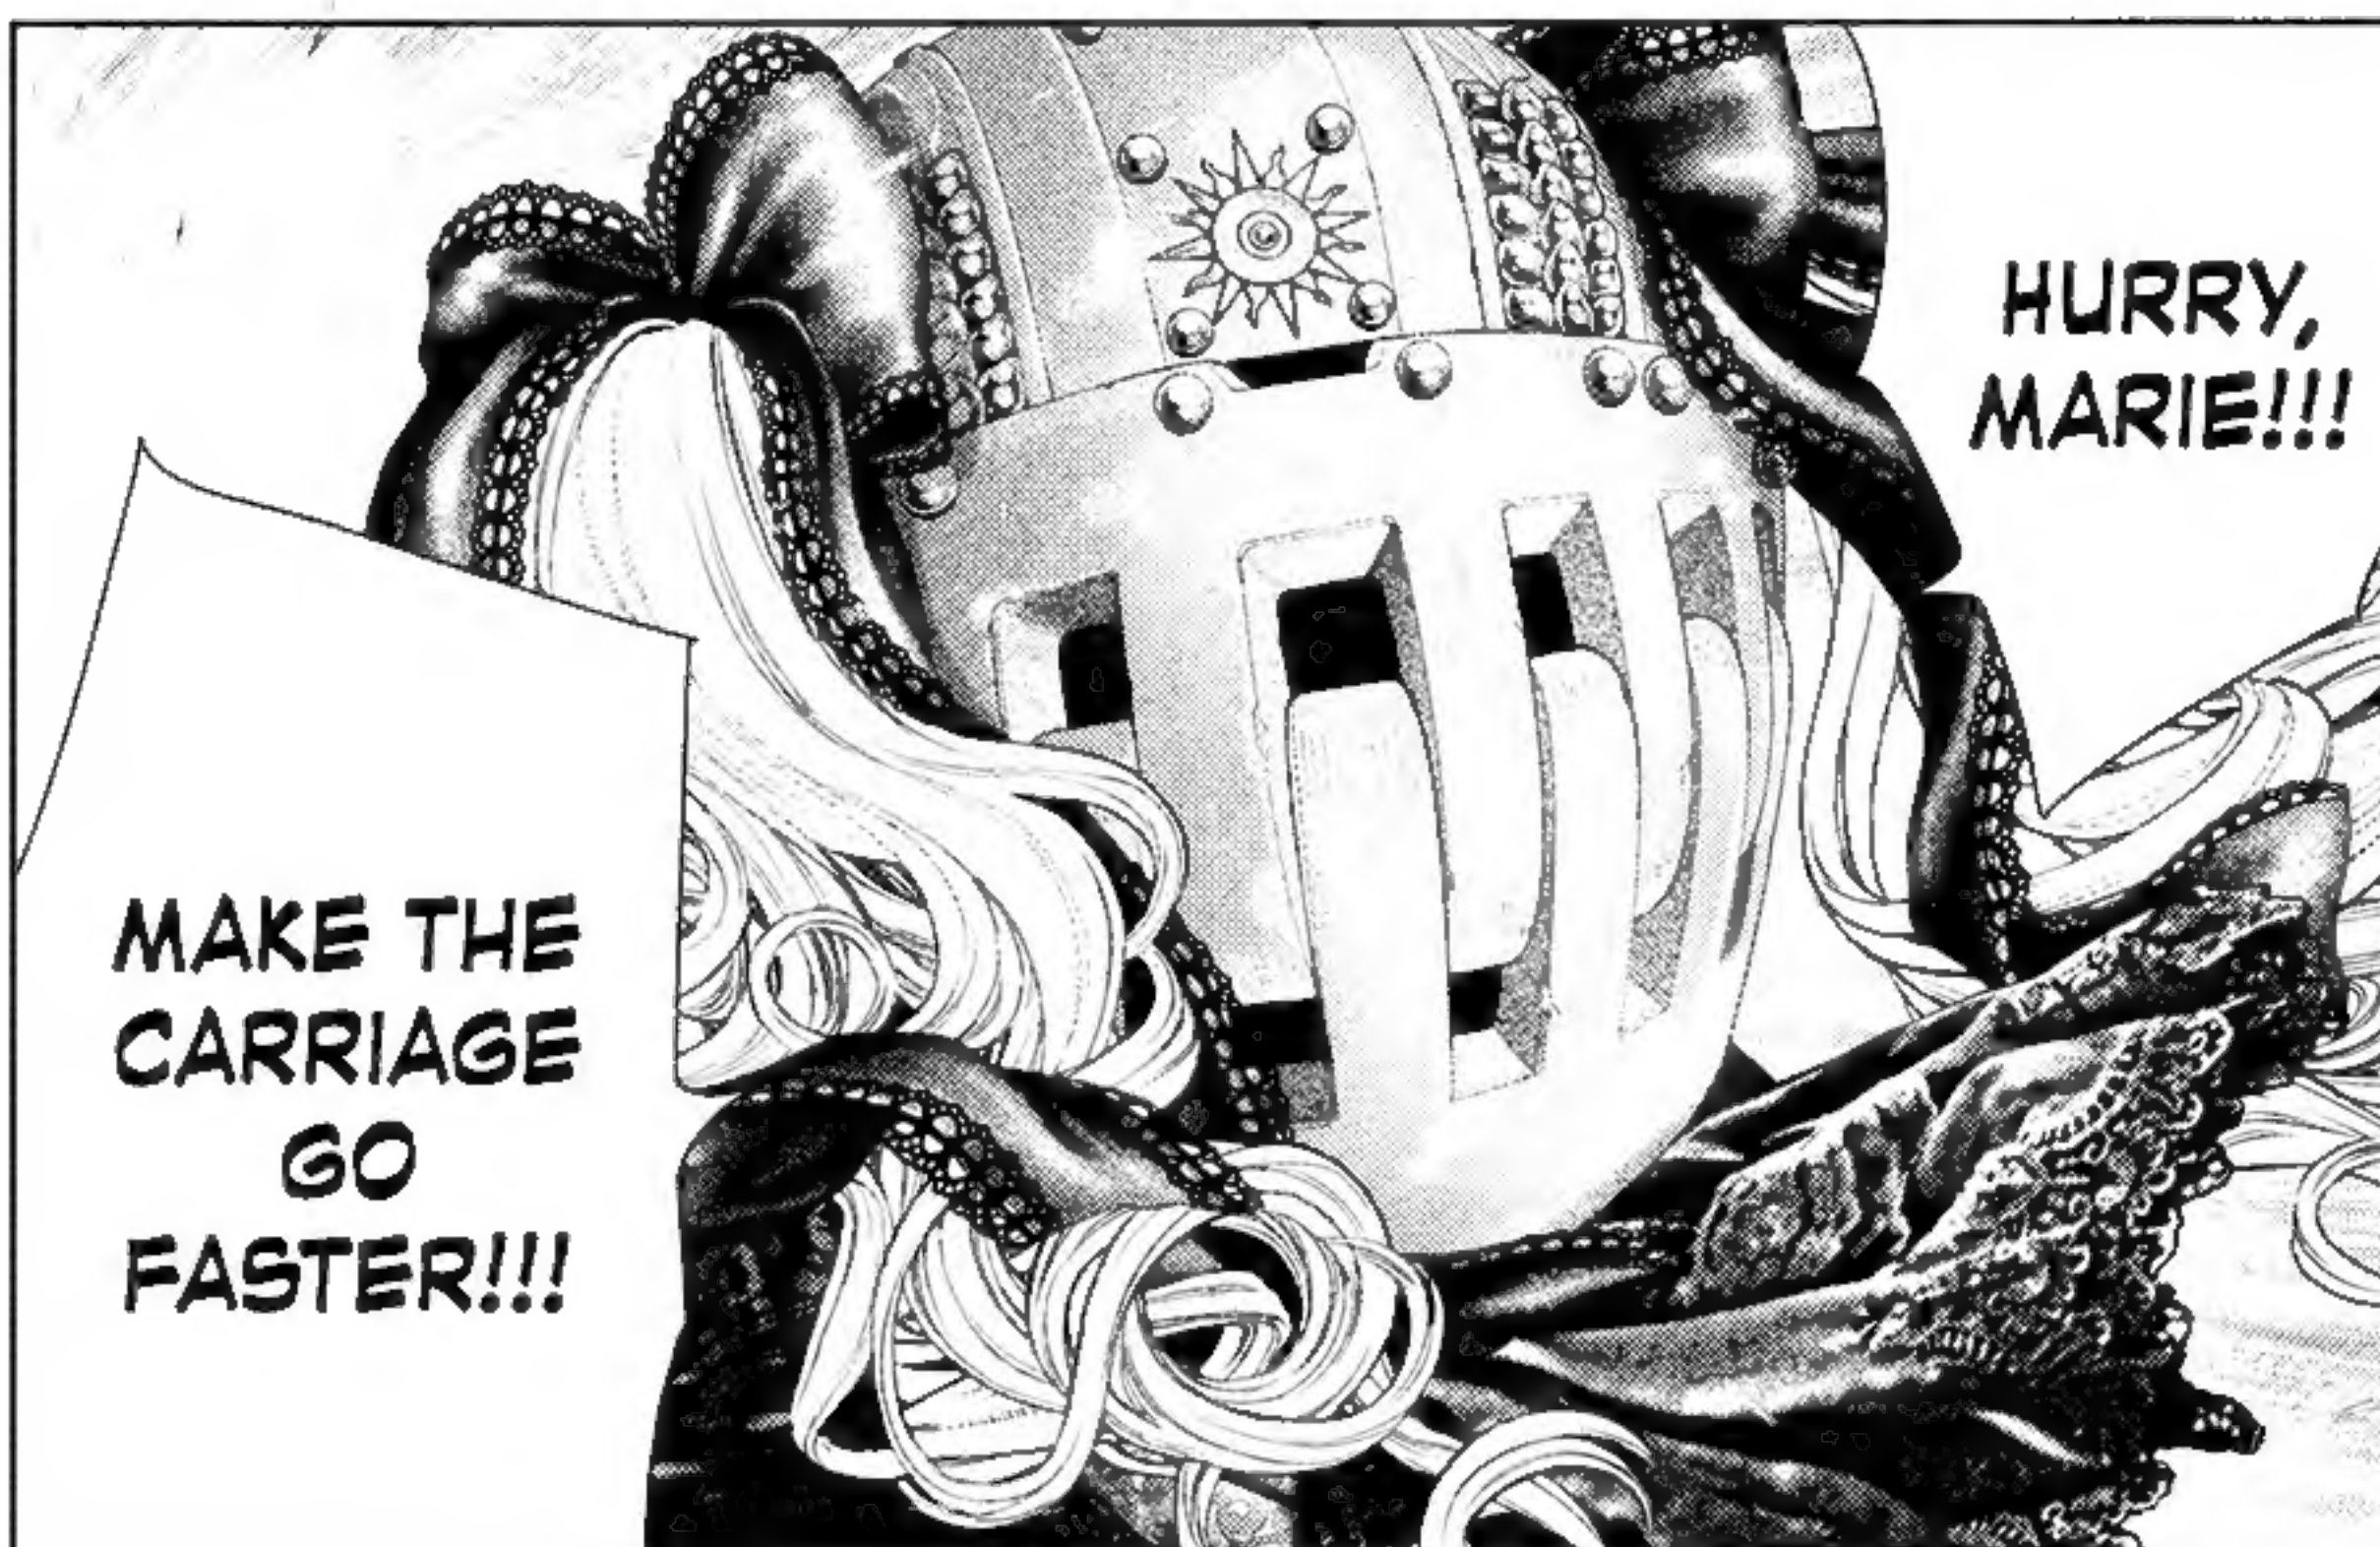

Having laid a hand on his irreplaceable friend, Charles now seeks forgiveness. But with France having abandoned the royal family, the era of the Reign of Terror has arrived. A countless number of people have been sent to the execution platform and have disappeared along with the dew on the blade of the guillotine.
...Now a new thorned path begins!!

SO...

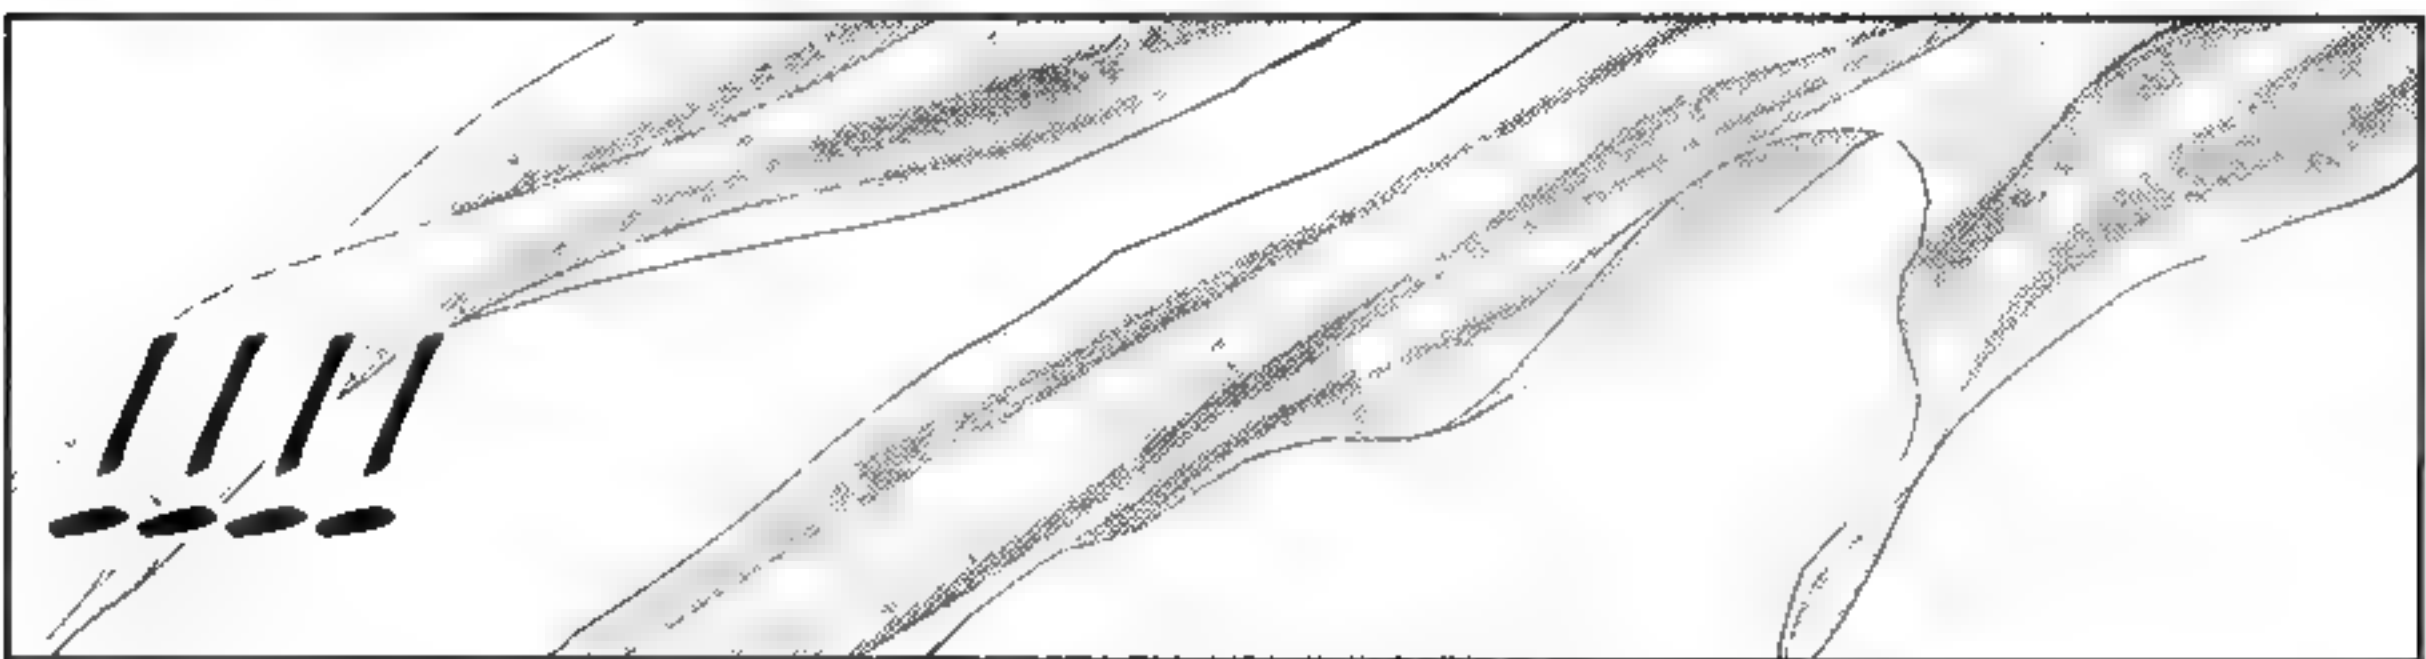

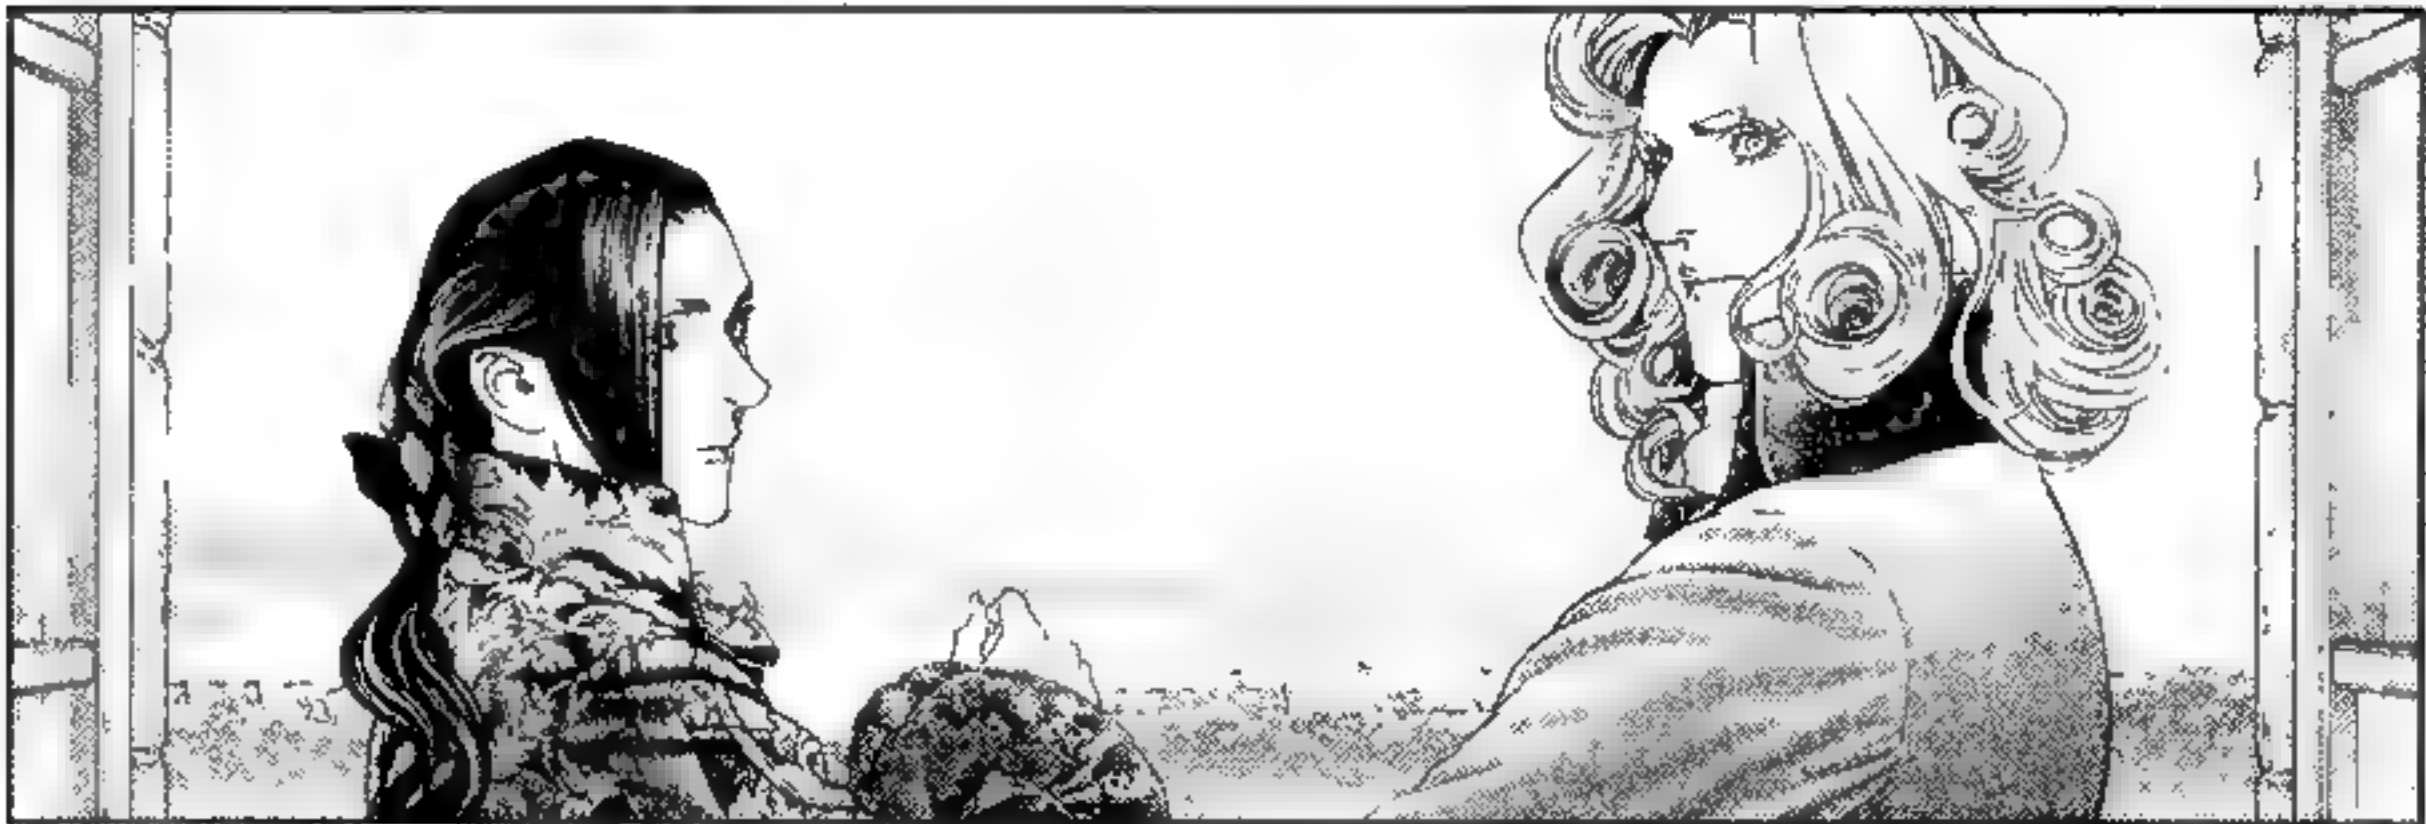

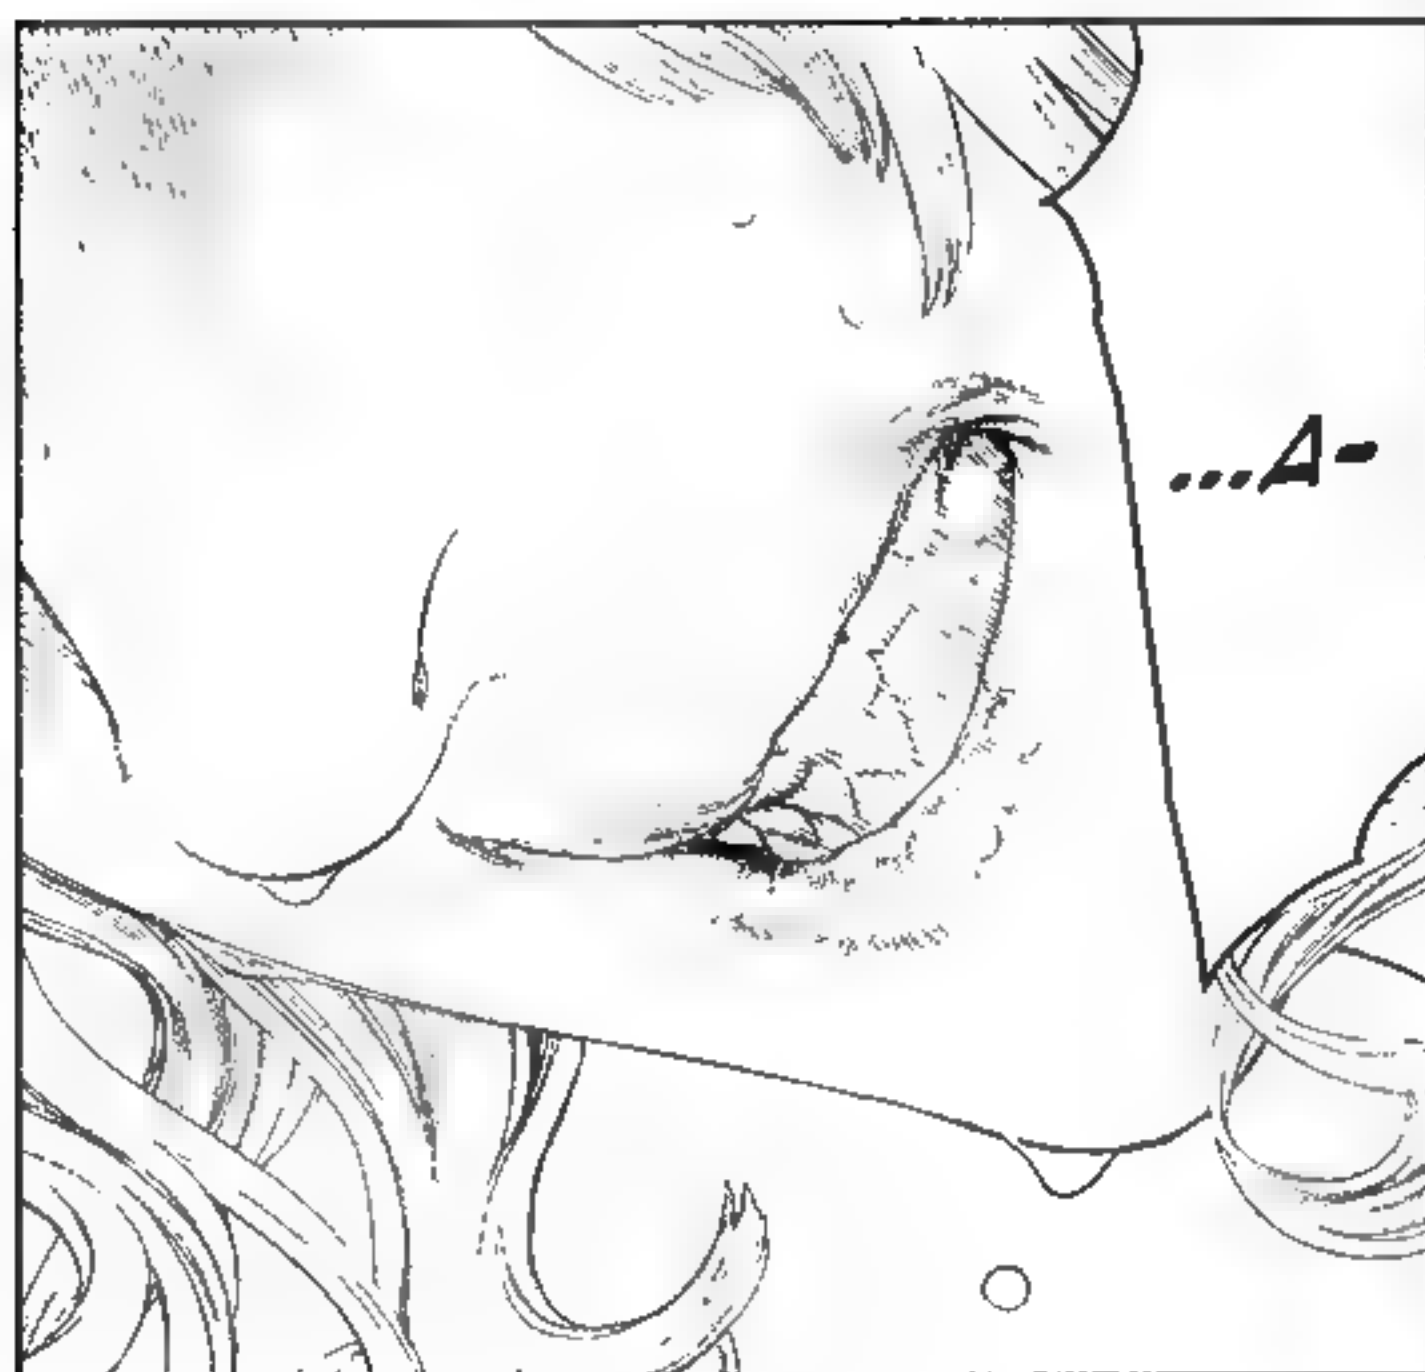

FOUR DAYS
AGO ON

Aren't I cute, Mom? ♡♡

My dear daughter, this is a clown portrait, is it not? Do you not think that perhaps what a great queen needs is not this trendy imprudent behavior and ostentatious jewelry, but something more refined and simple?

While it is all well and good to follow fashions, one must not do so to excess.

My little princess, it is because I love you so that I must admonish your indiscretions.

18:05

My dear daughter, let me take this opportunity to tell you this.

18:32

You seem to have 36 inches of hair from the roots and it's done up with feathers and ribbons and such. I do hope you soon awaken to how ridiculous that looks.

18:45

And you seem to have bought another 250,000 livre bracelet, haven't you?!! Even going so far as to borrow money for it!! Not only that you even sold that diamond necklace of yours to pay off the interest. My heart feels like it may burst when I think of your future.

19:01

Gambling is the most dangerous of pastimes. Win, and you can get so enraptured by that feeling that you become a slave to it. Even if act with the intention of calculating everything correctly, you will not be able to think properly. After a long time has gone by, you will only end up with losses.

19:11

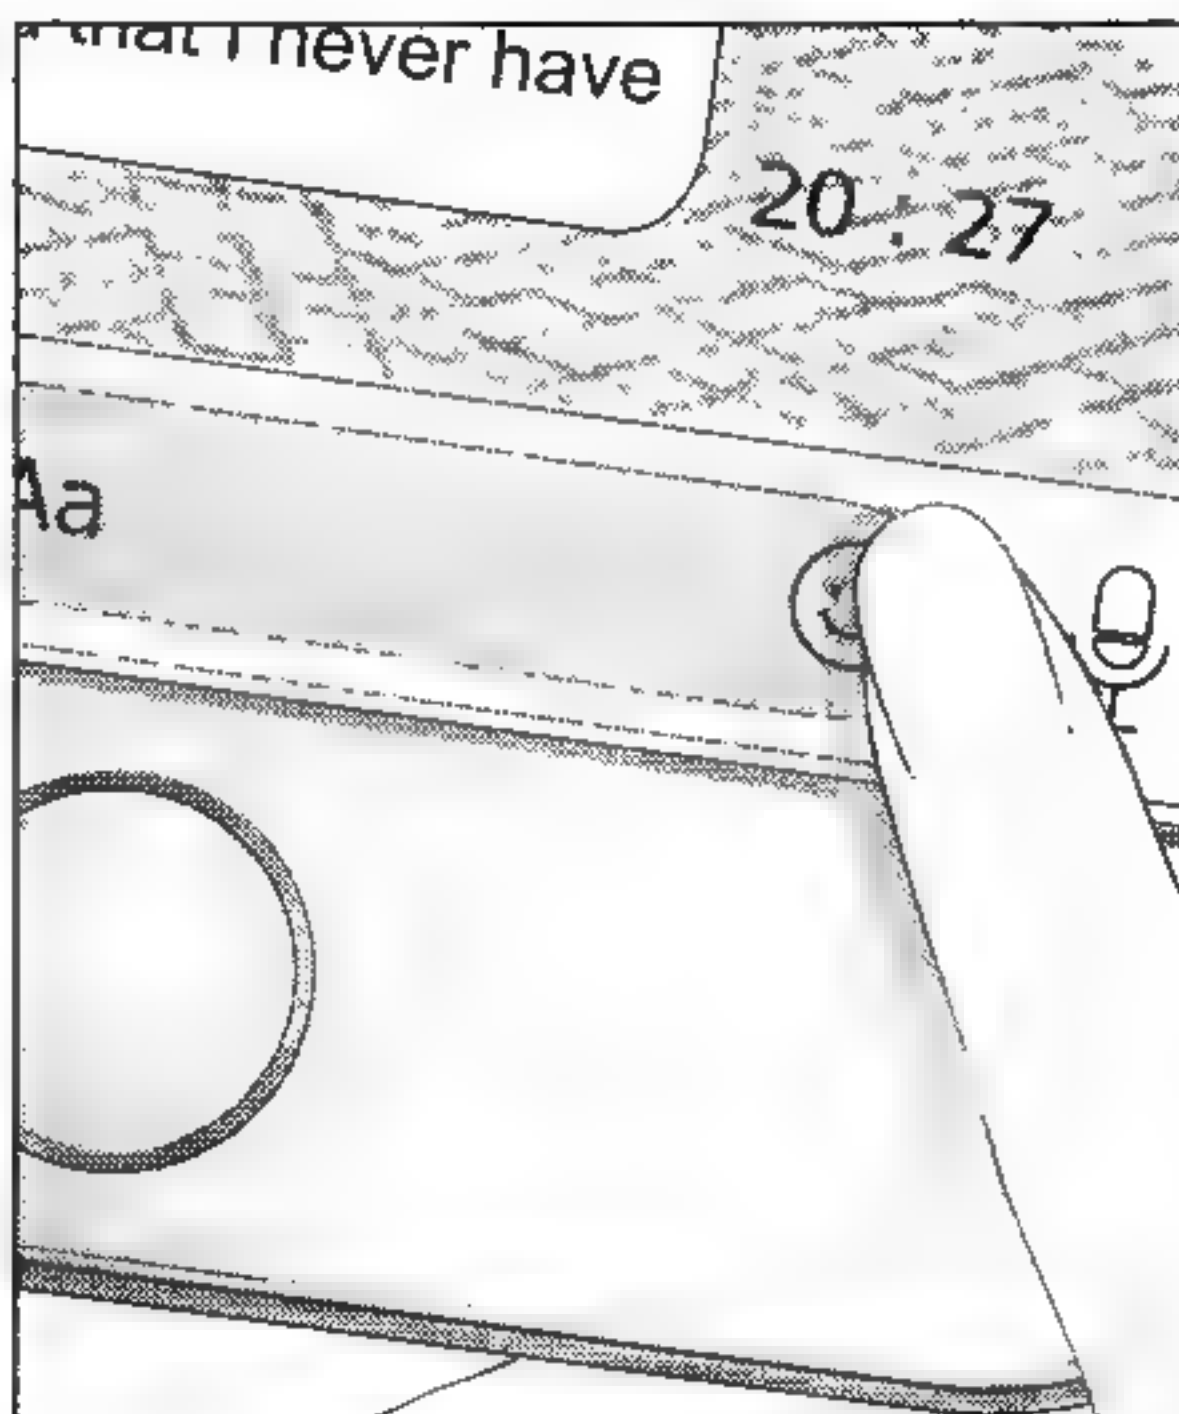

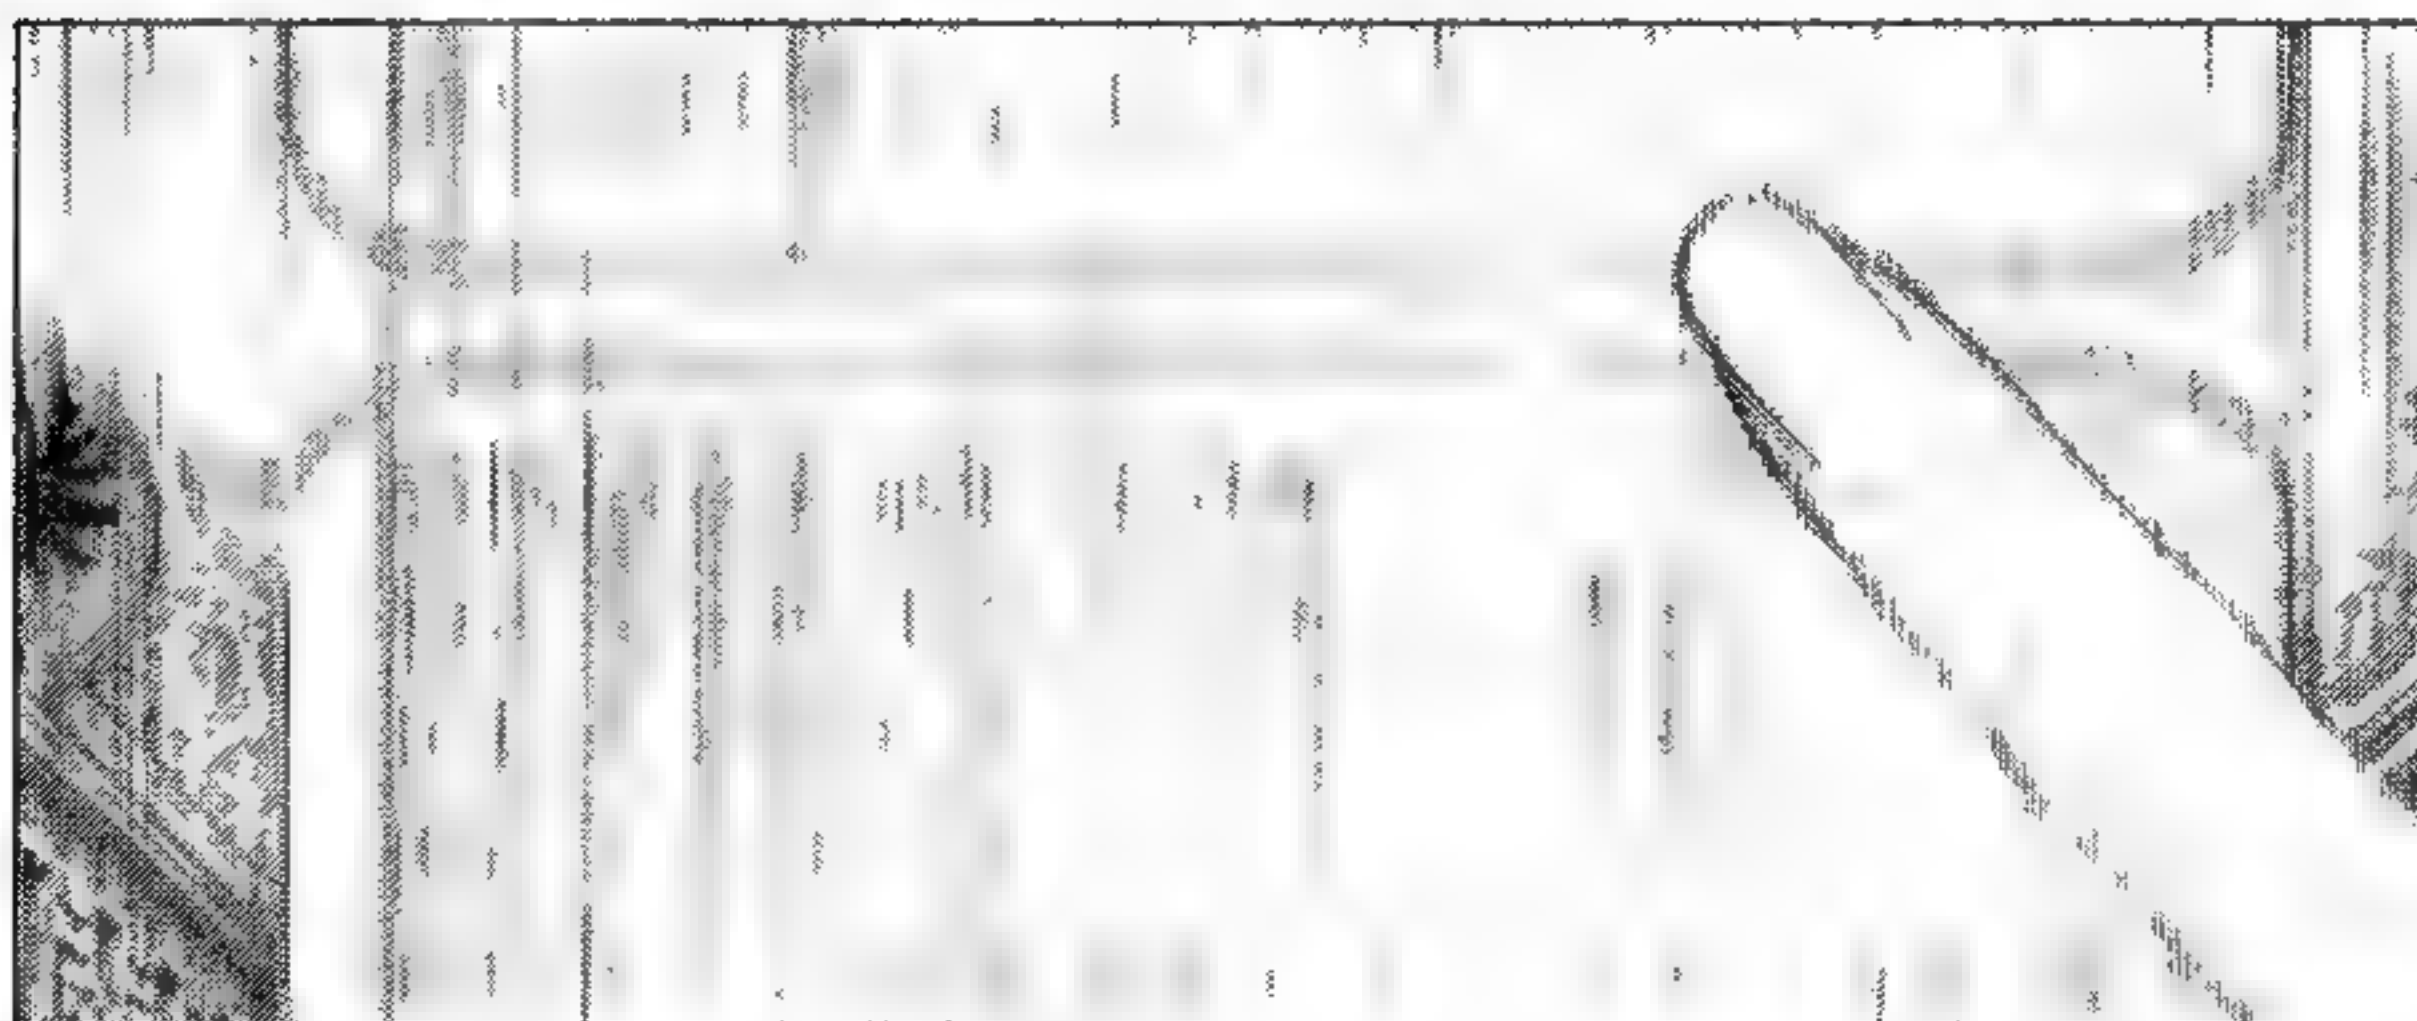

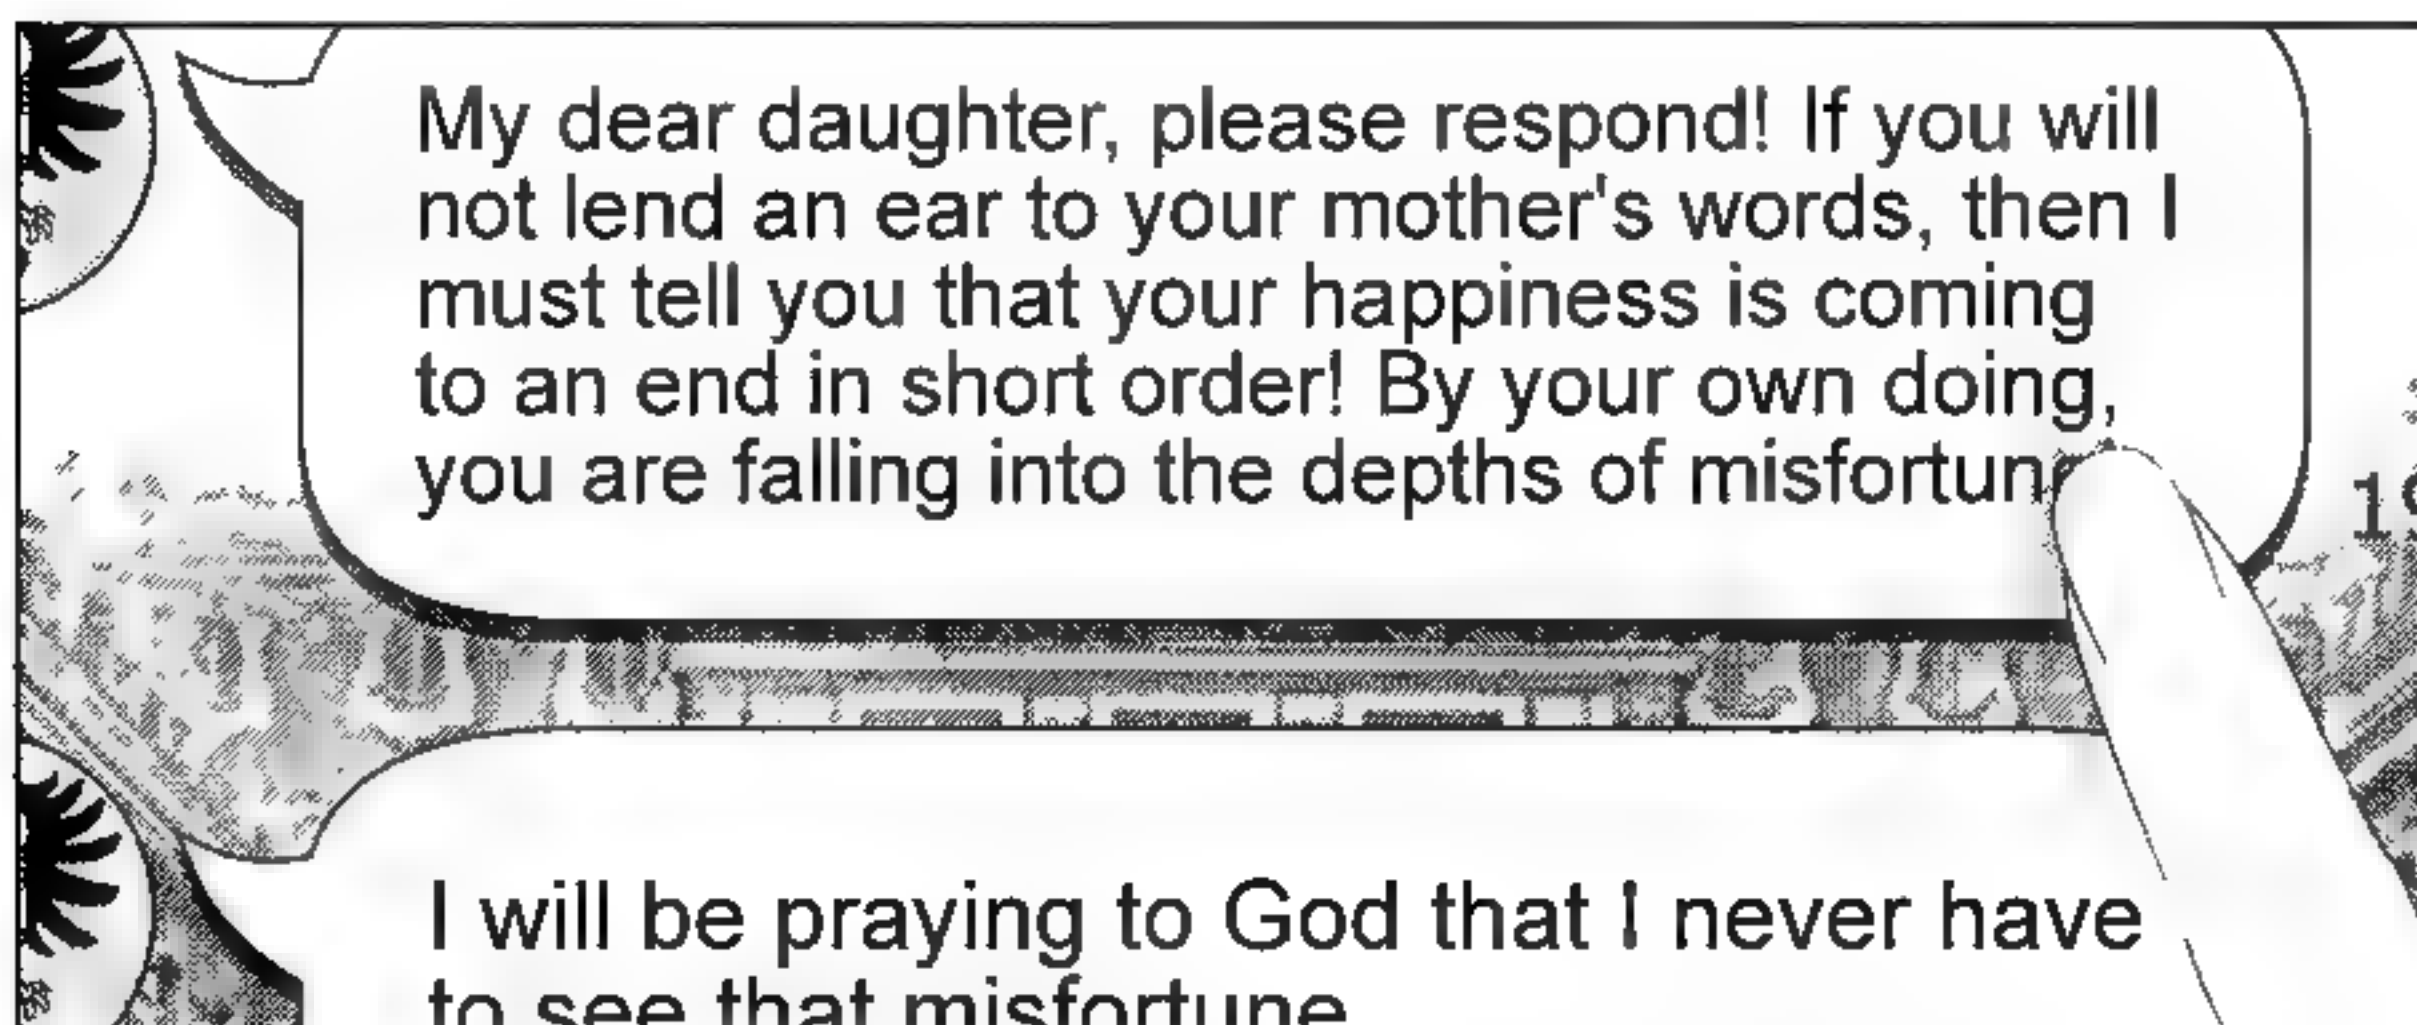

Such imprudence!

19:13

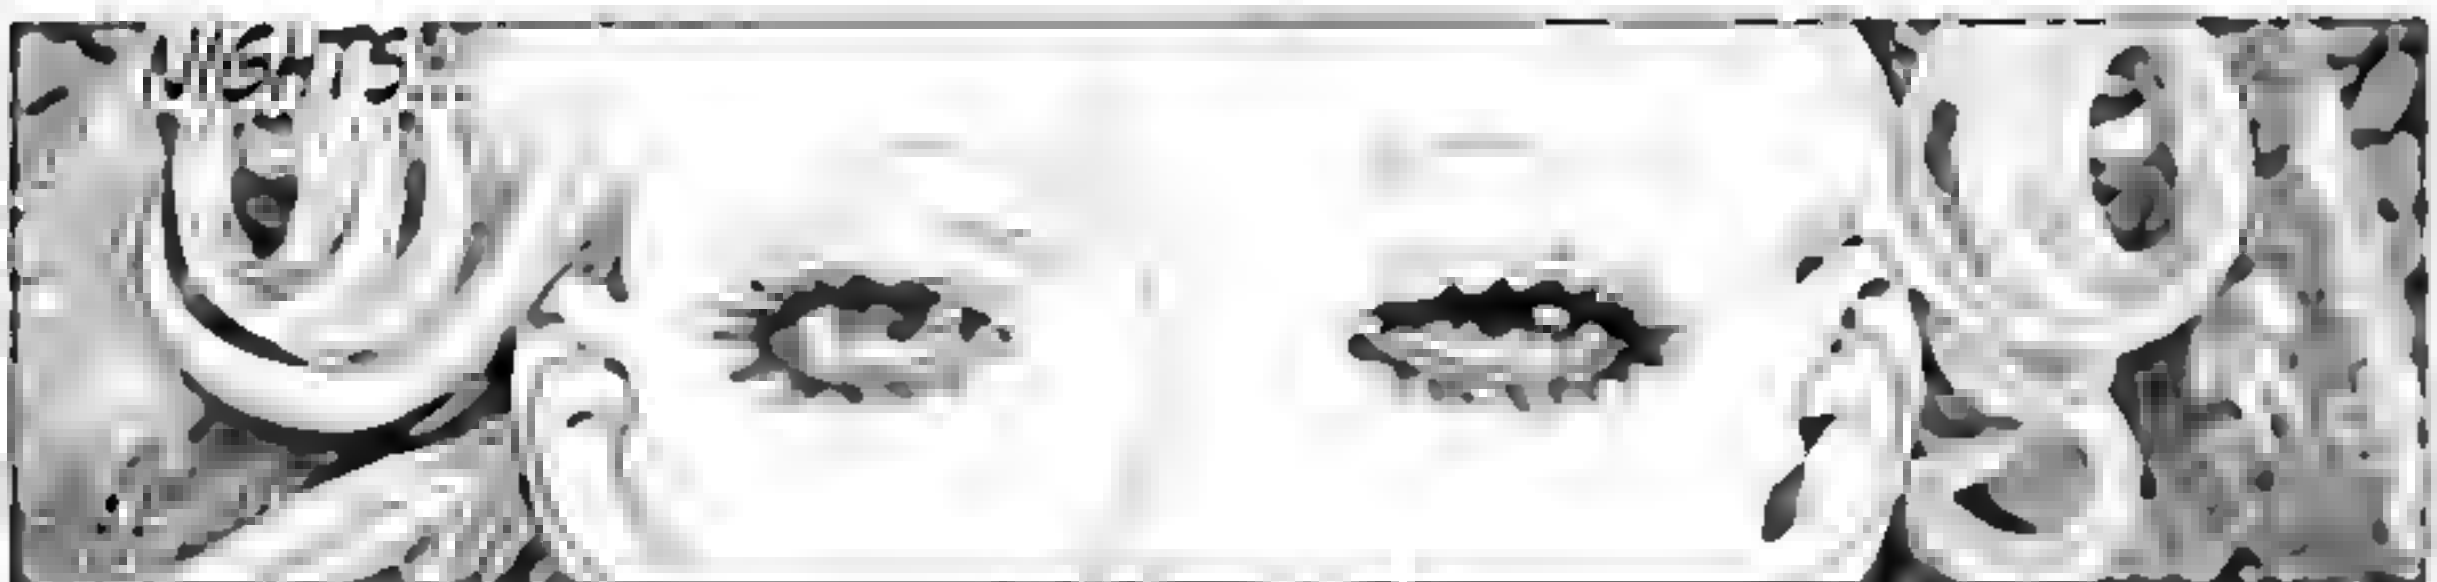

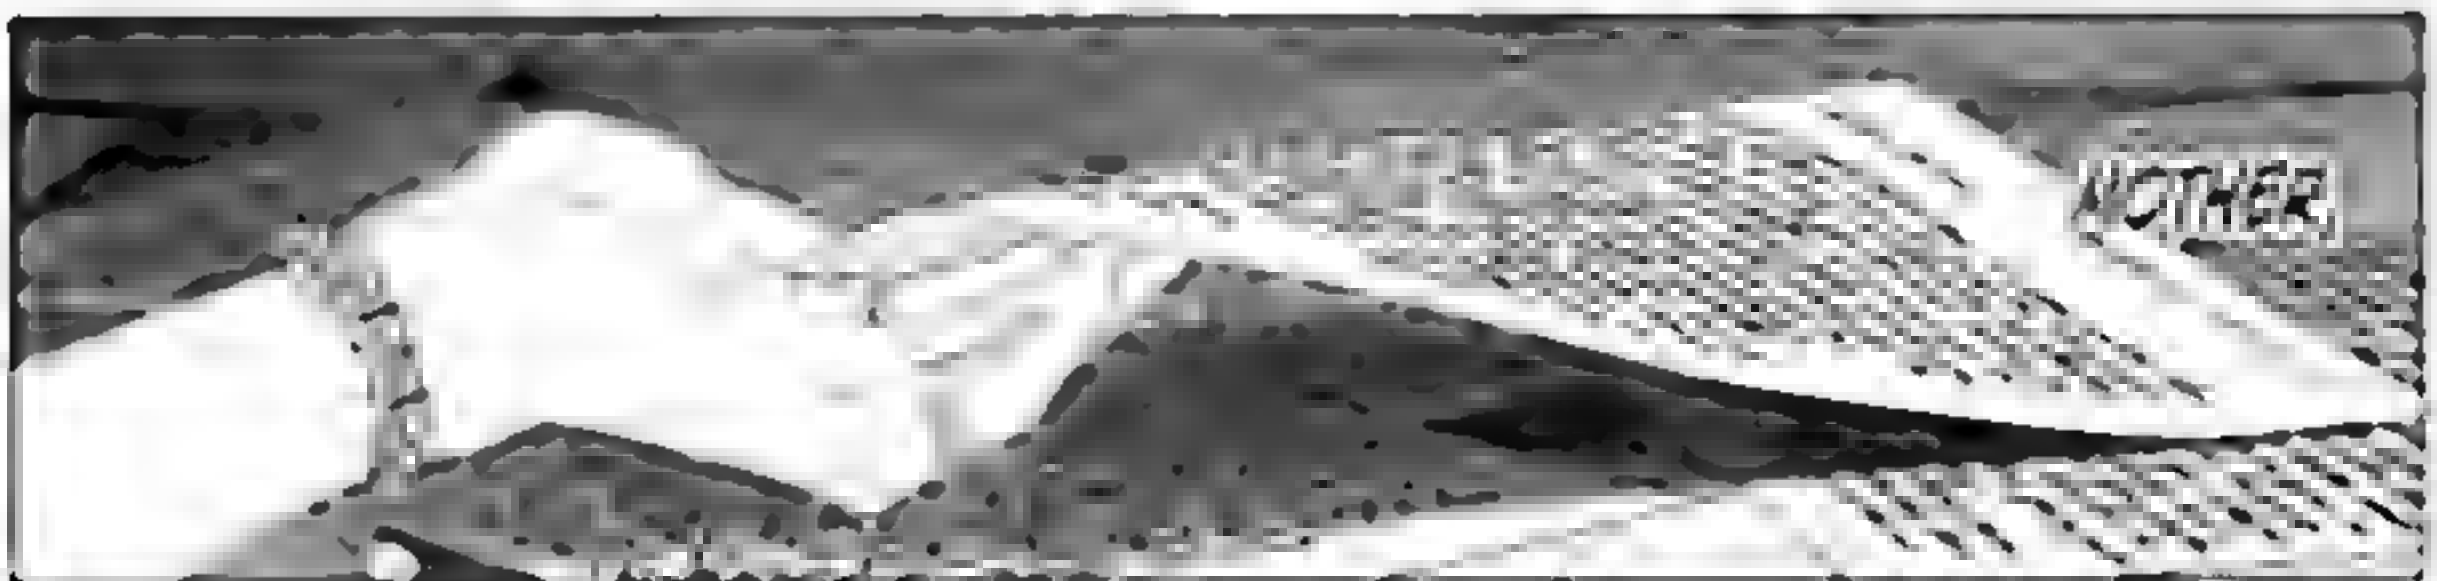

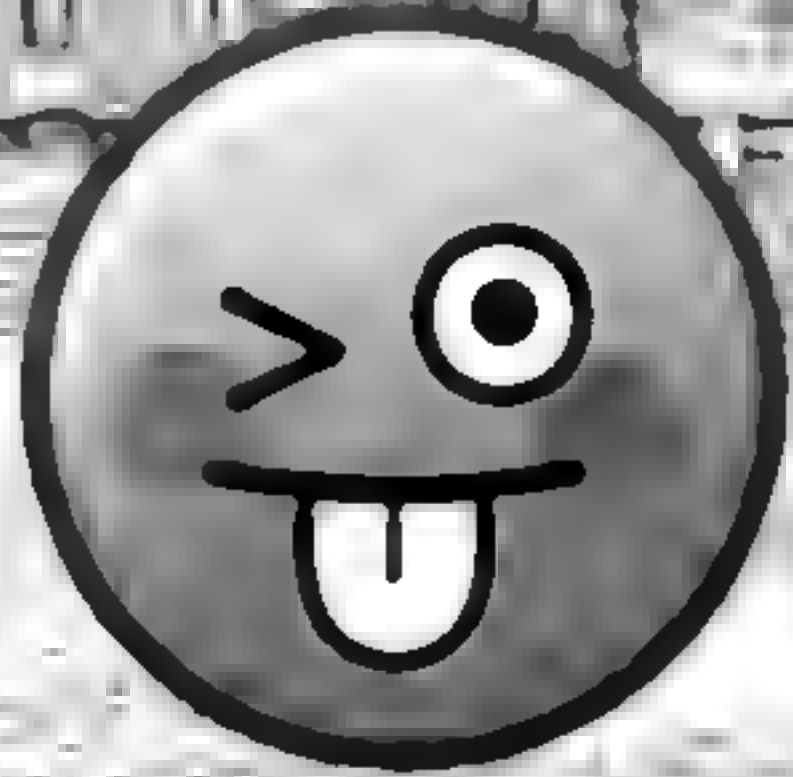

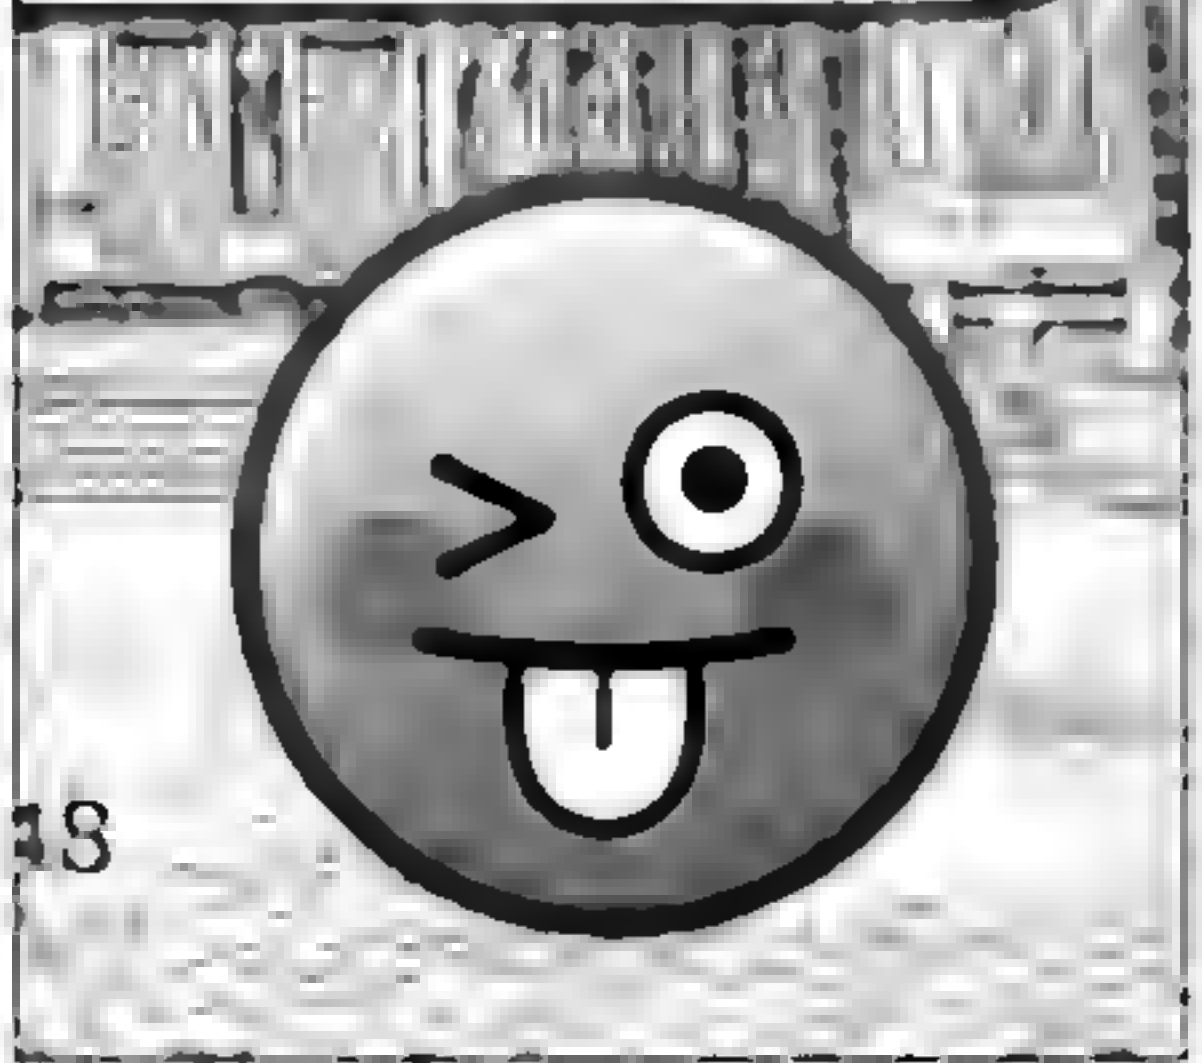

And what do you mean by "a pitiable man" in regards to your husband? Do you have no respect or gratitude for all the king has done? Imprudence, a quick temper, and not thinking things through the way you do worries you mother so!!

Because I have children that
have died and seeing one fall
into misfortune is so hard to
bear that I am saying these
things. Just what types of
books are you reading?

There were those in the royal court who felt they should dispatch the army and suppress Paris,

nº71 The Rococo Funeral Procession ~The Flight to Varennes~ (2)

June 20th, 1791 Tuileries Palace Varennes

"The Rococo Funeral Procession ~The Flight to Varennes~"

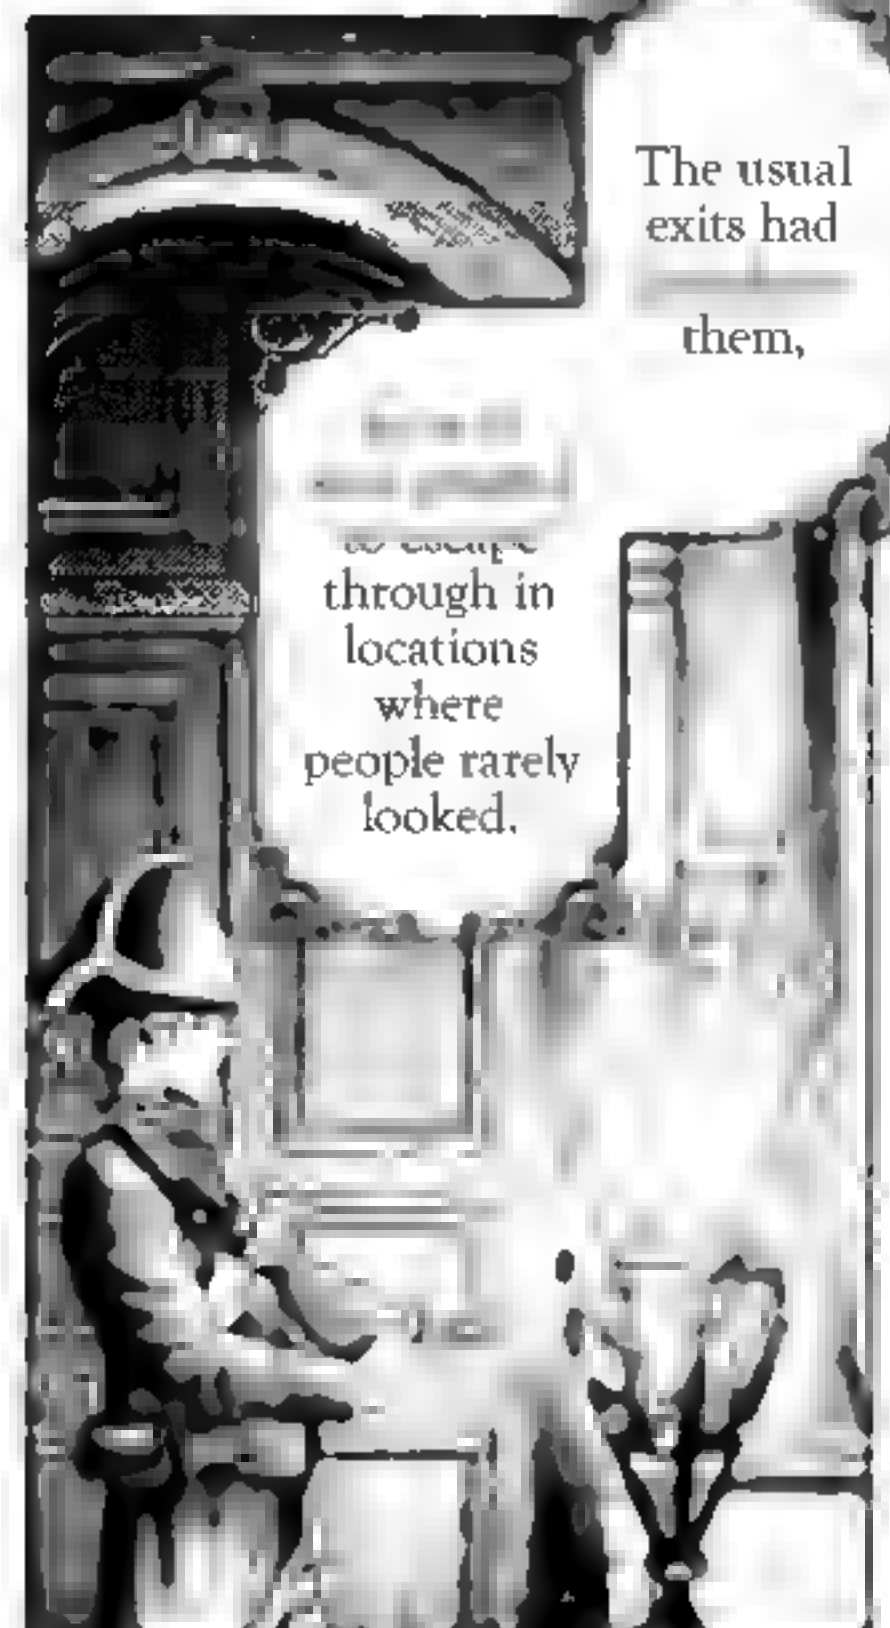

Late at night on June 20th,

the beginning of the dramatic escape plan was put into action.

A cabinet inside the rooms, blocking the view of the exits.

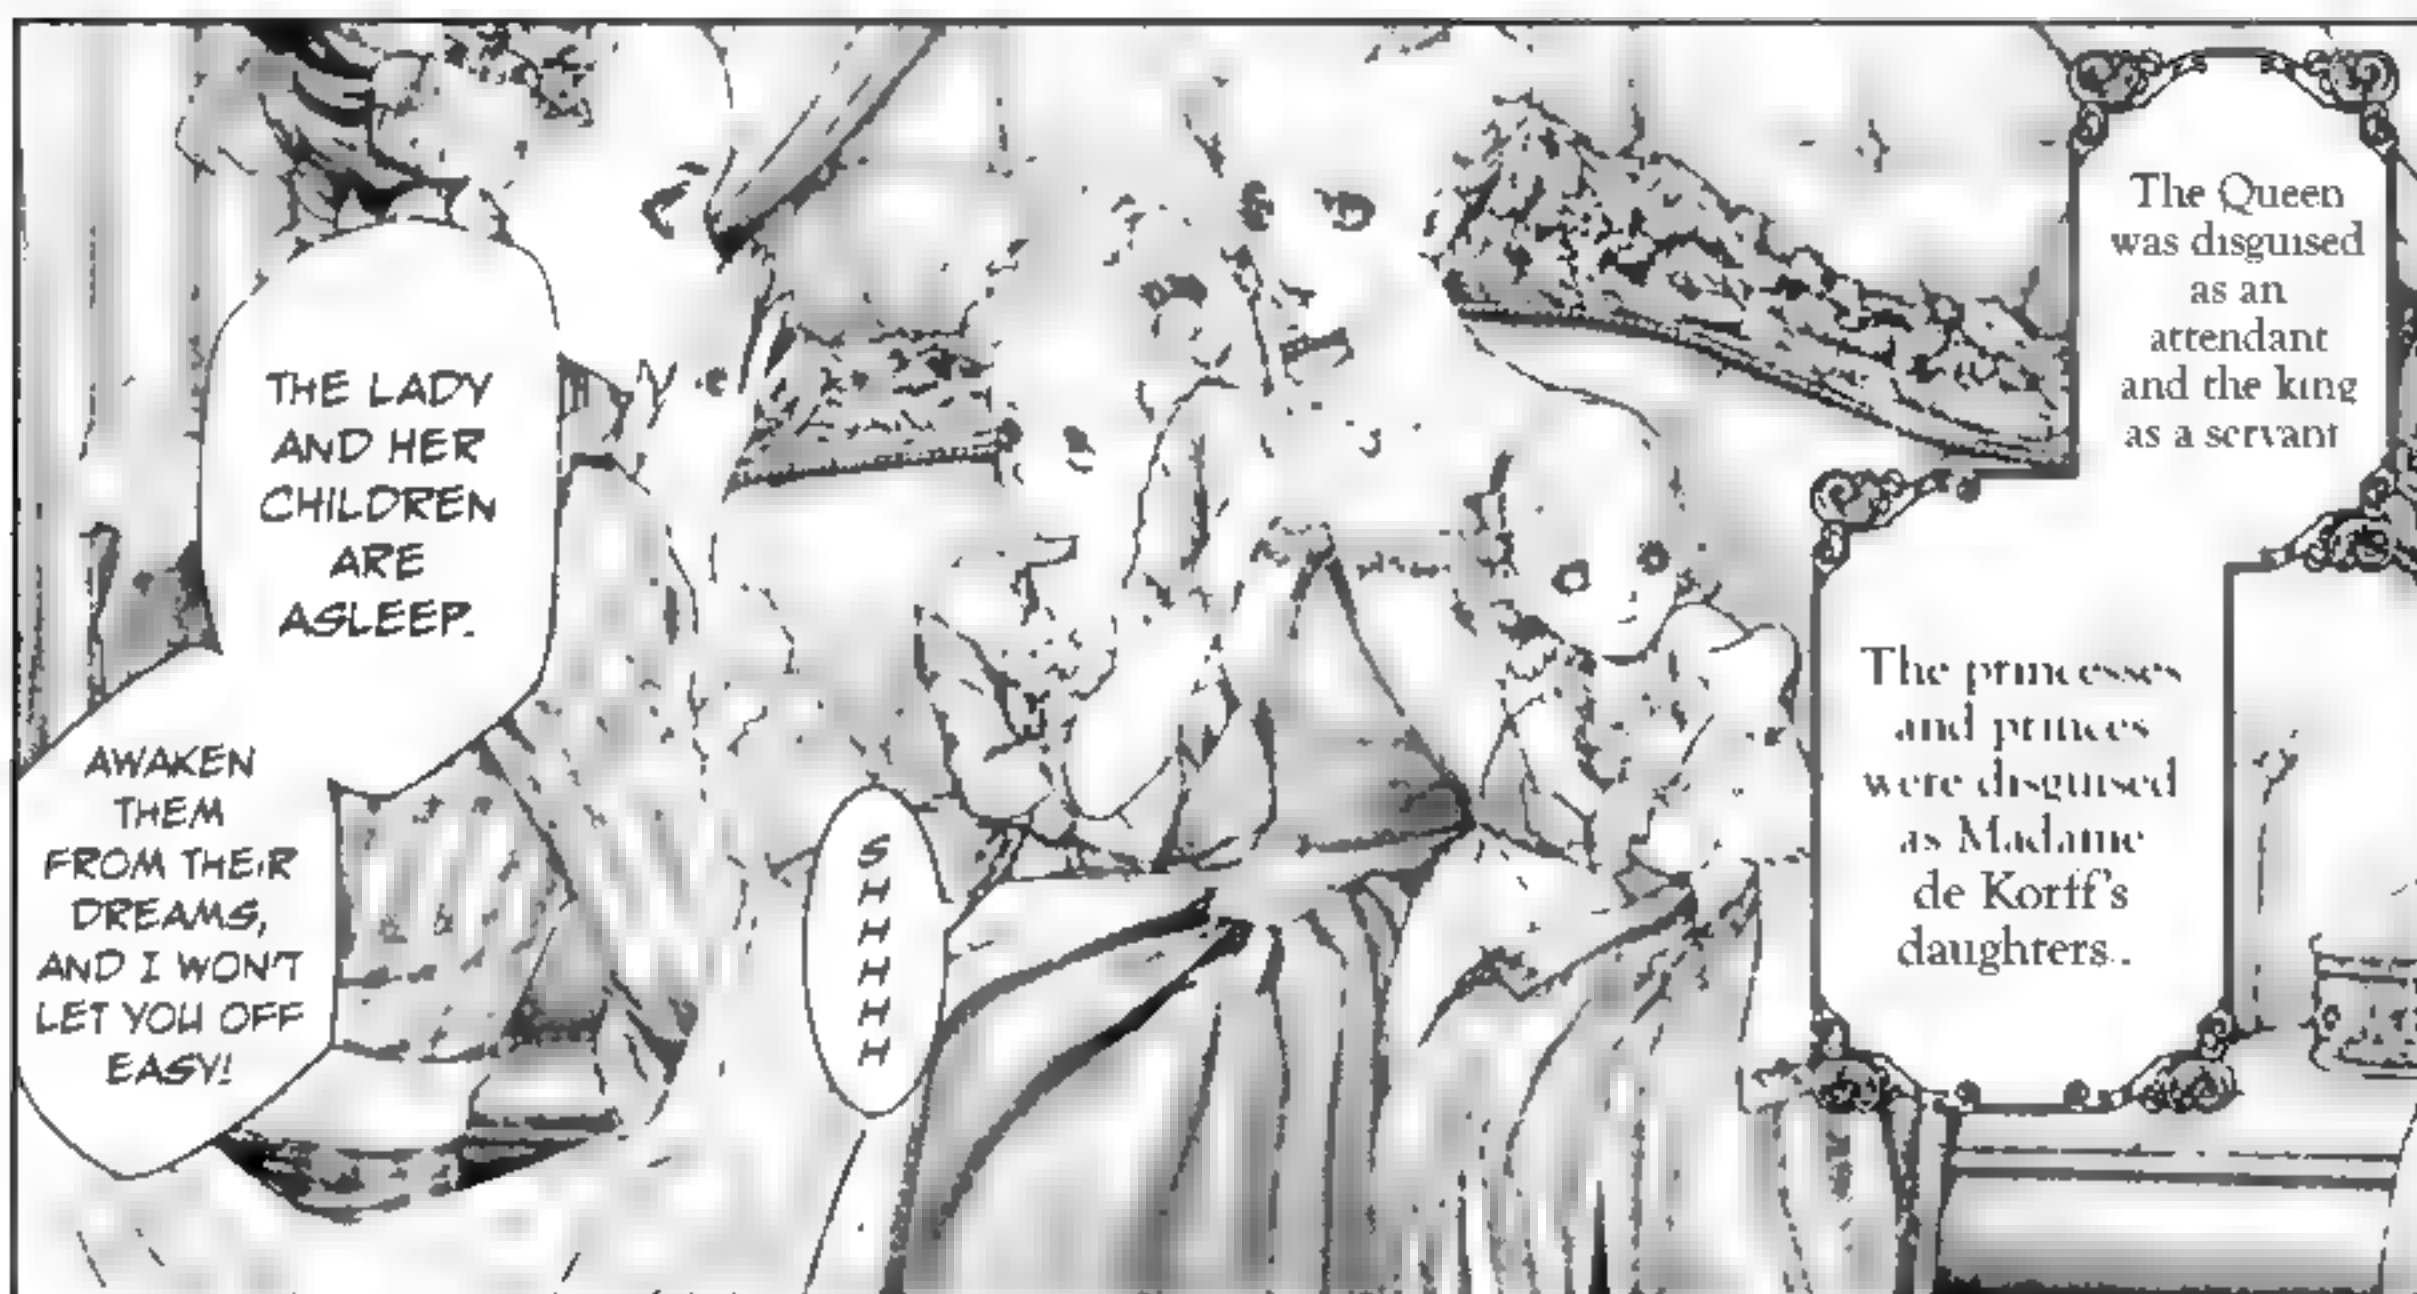

It was through these cabinets that they escaped out into the inner garden.

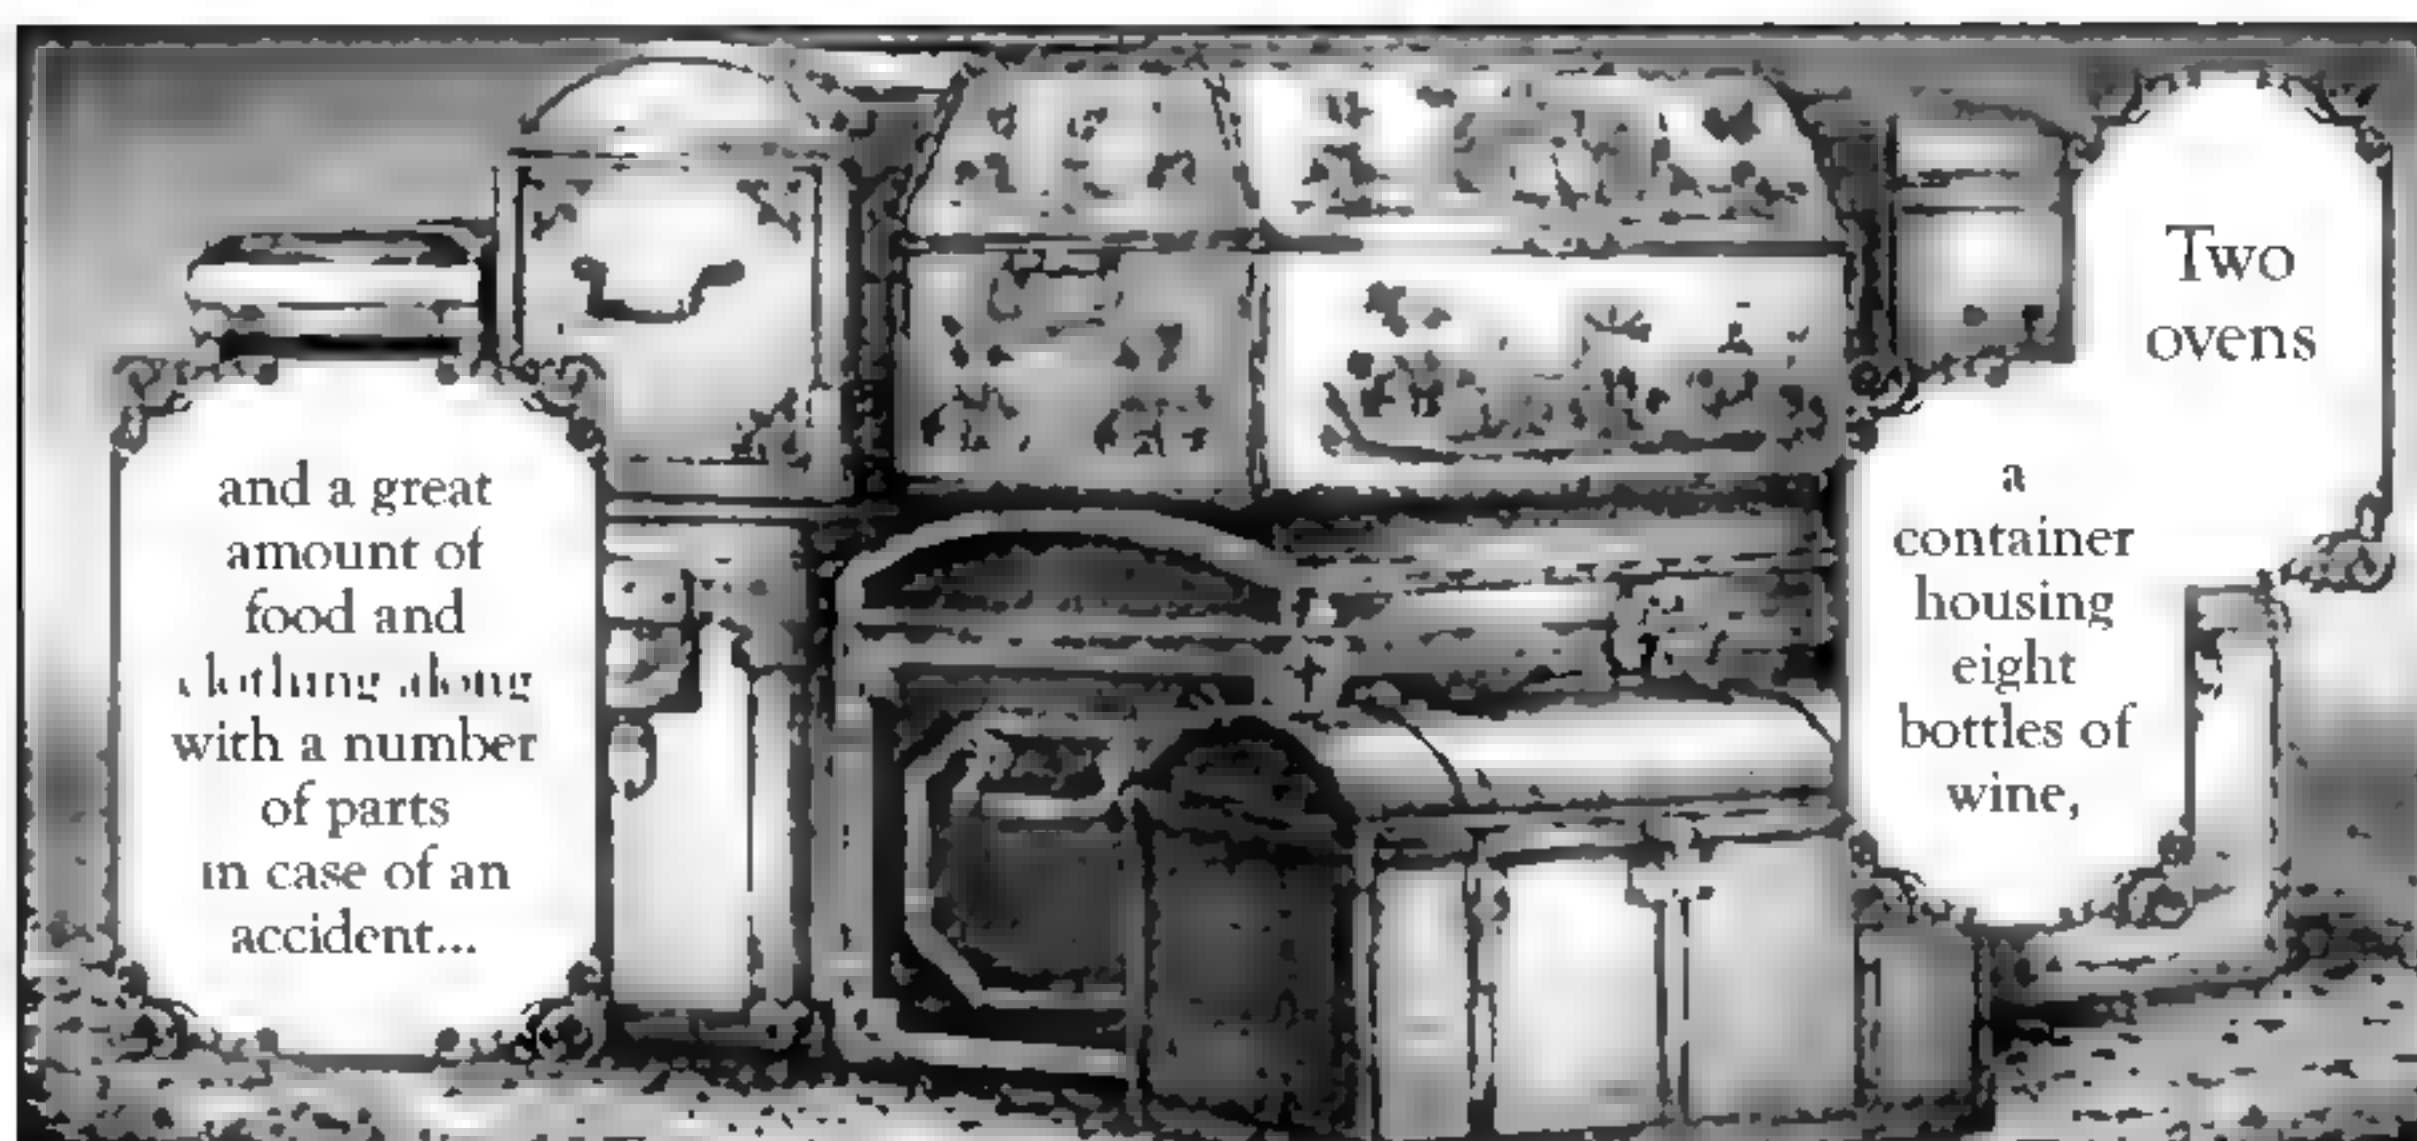

The usual exits had them,

to escape through in locations where people rarely looked.

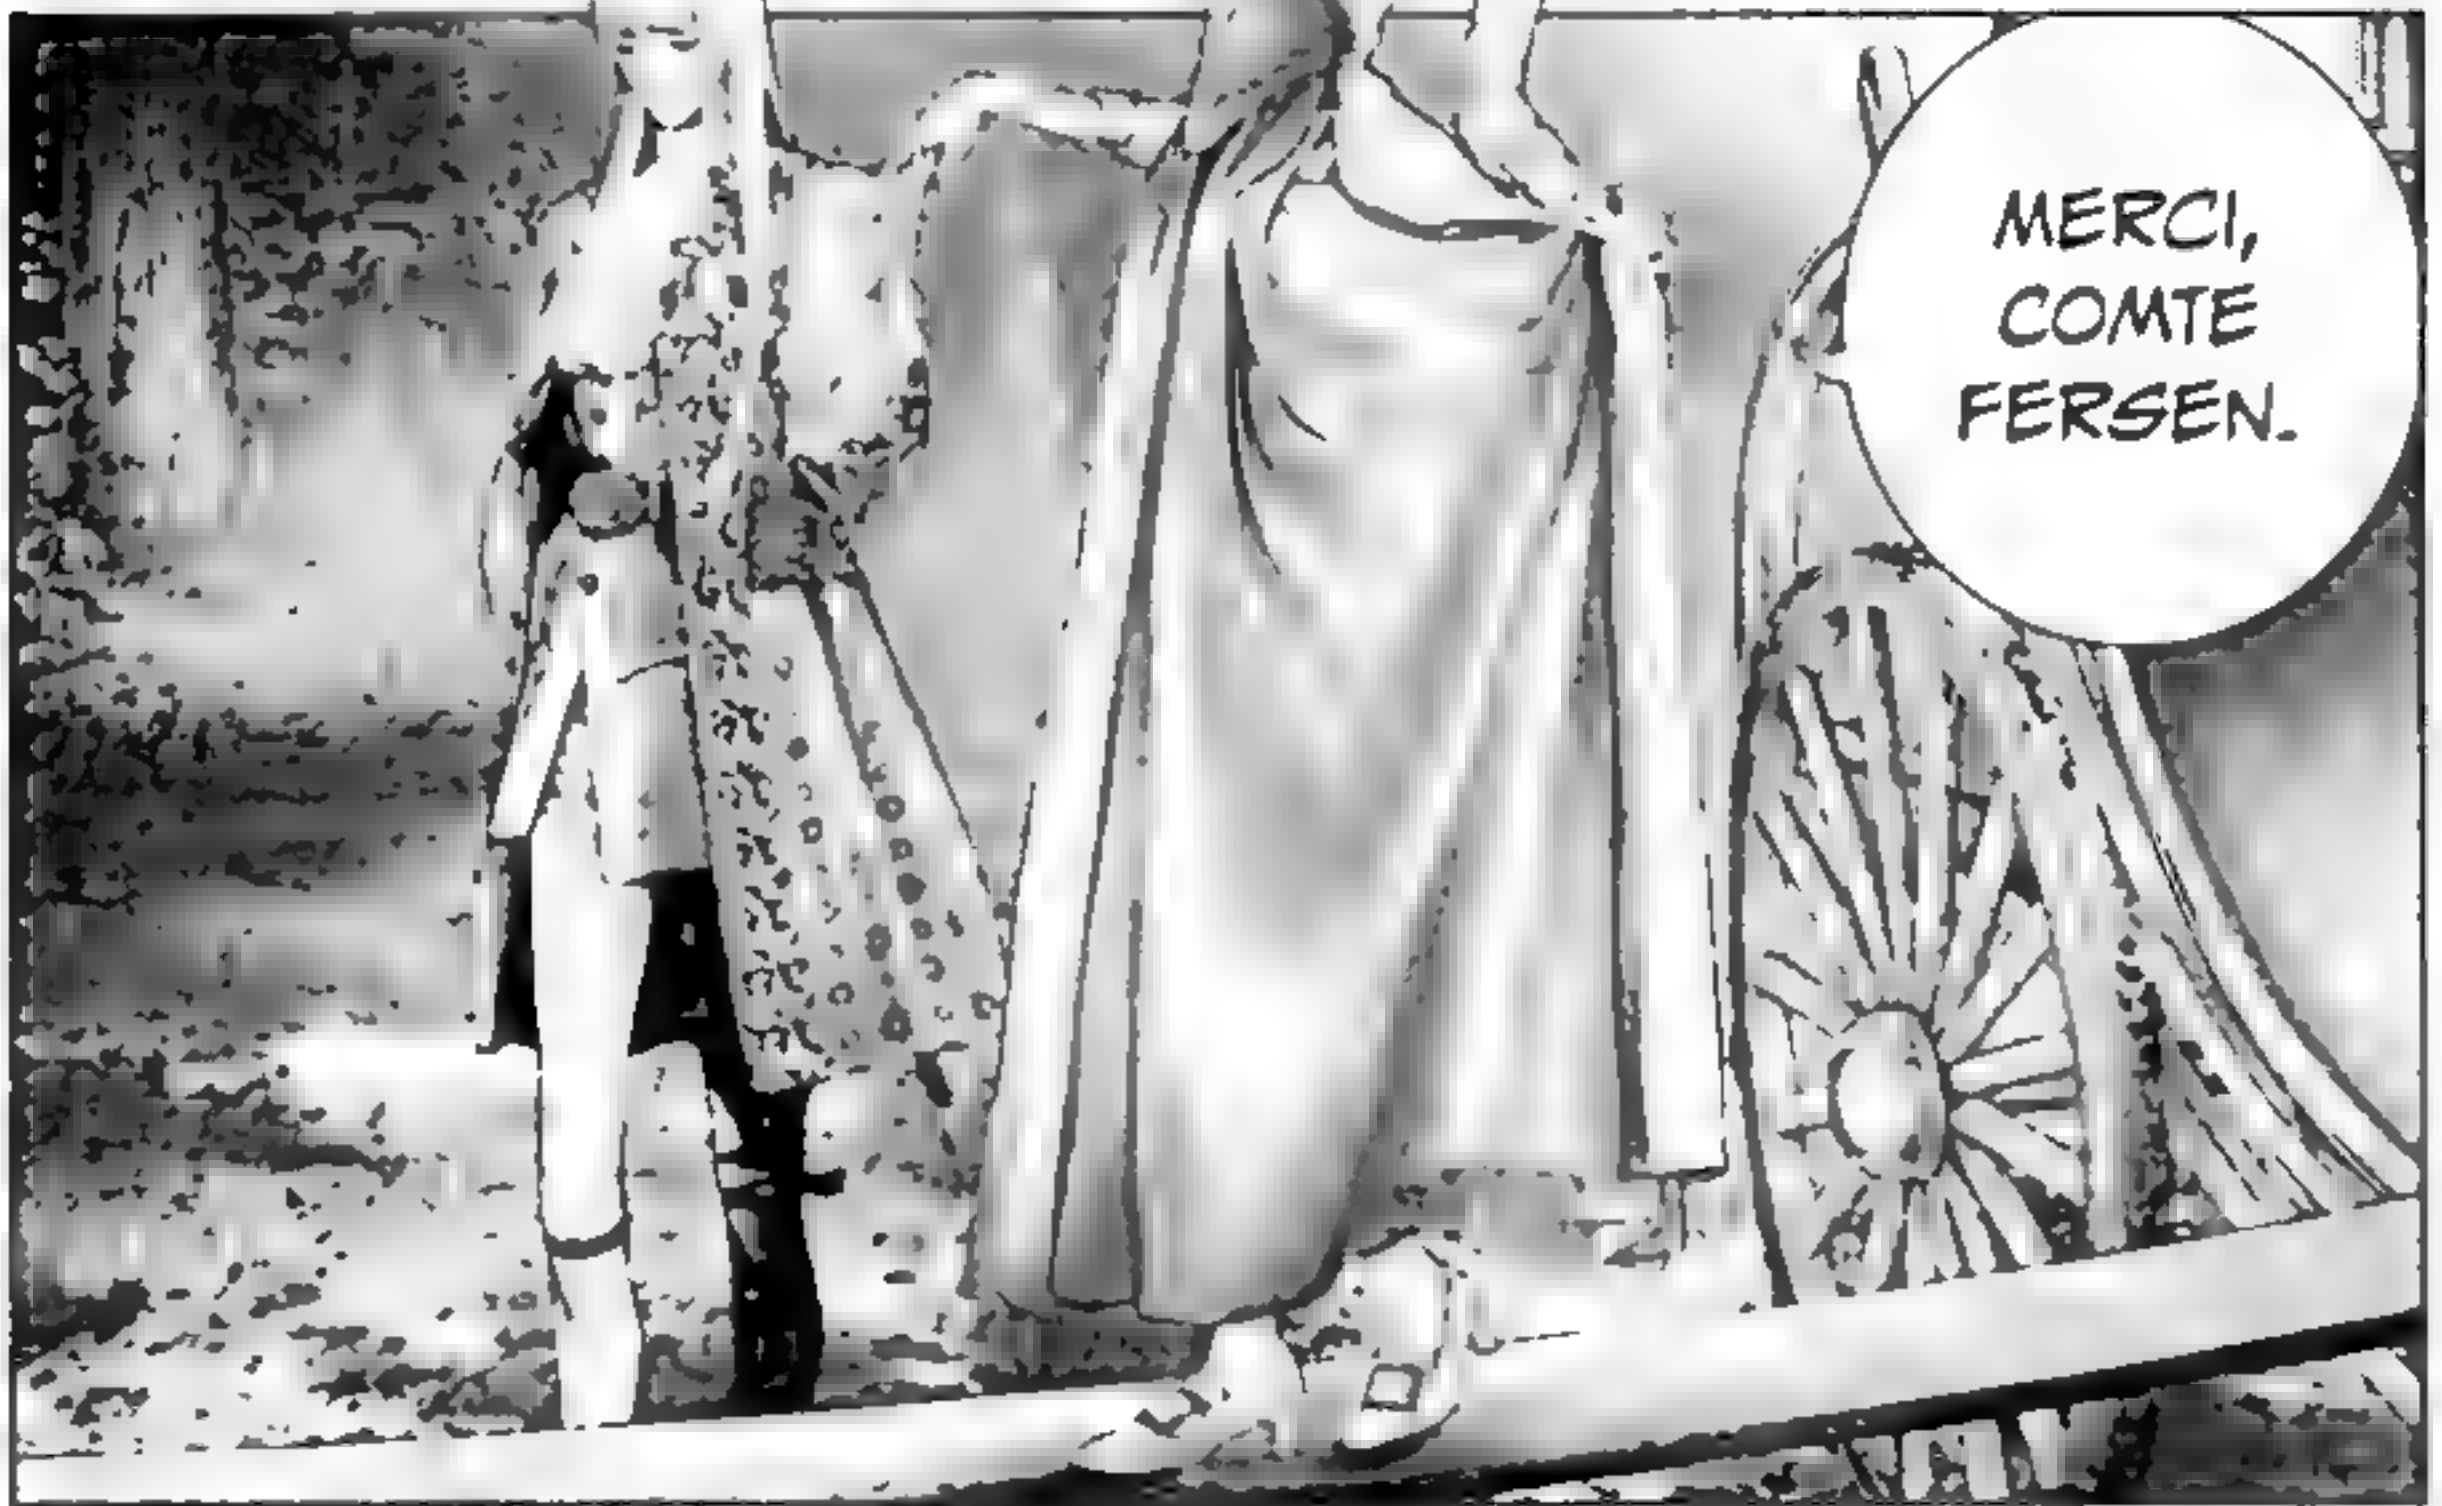

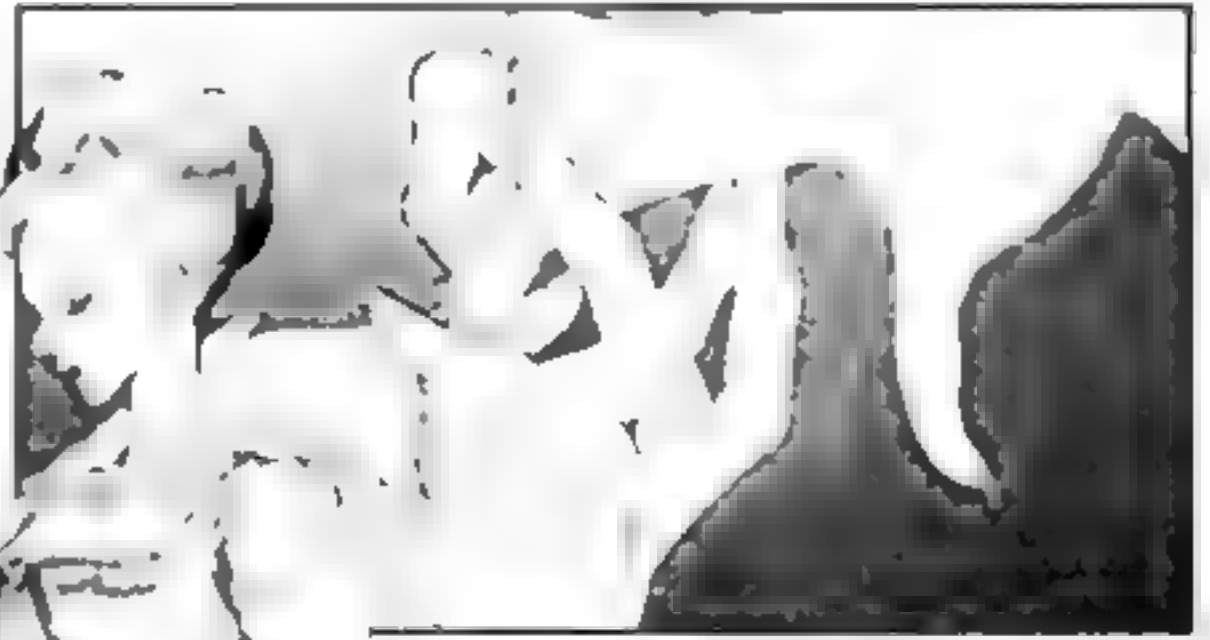

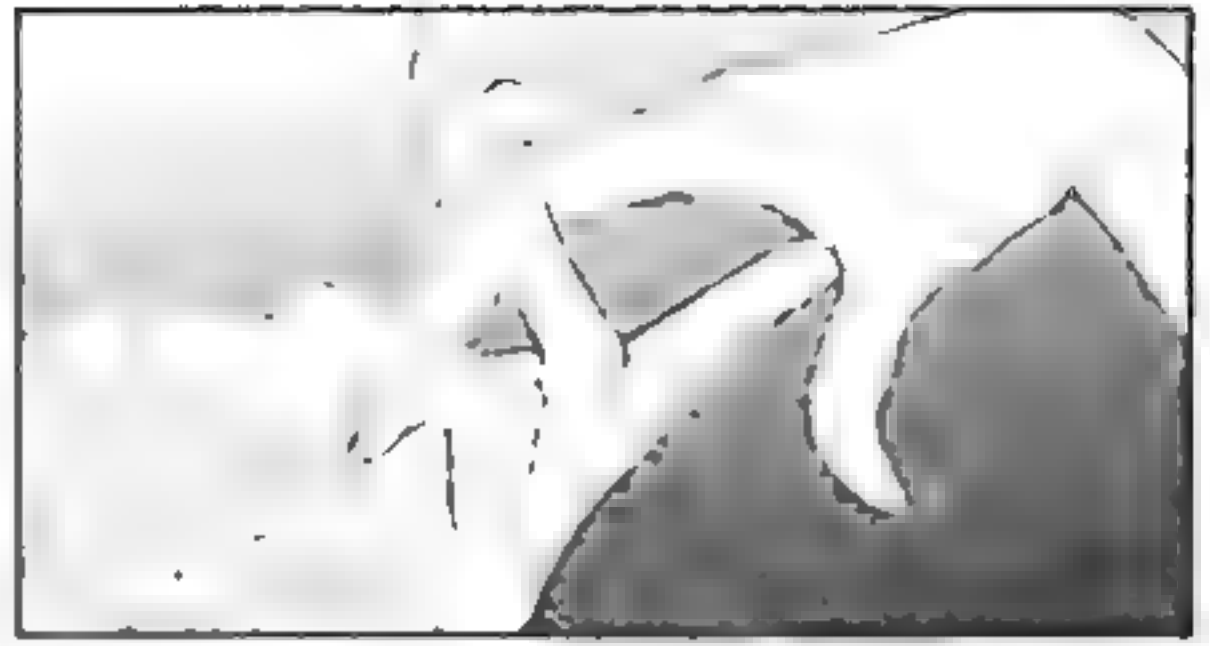

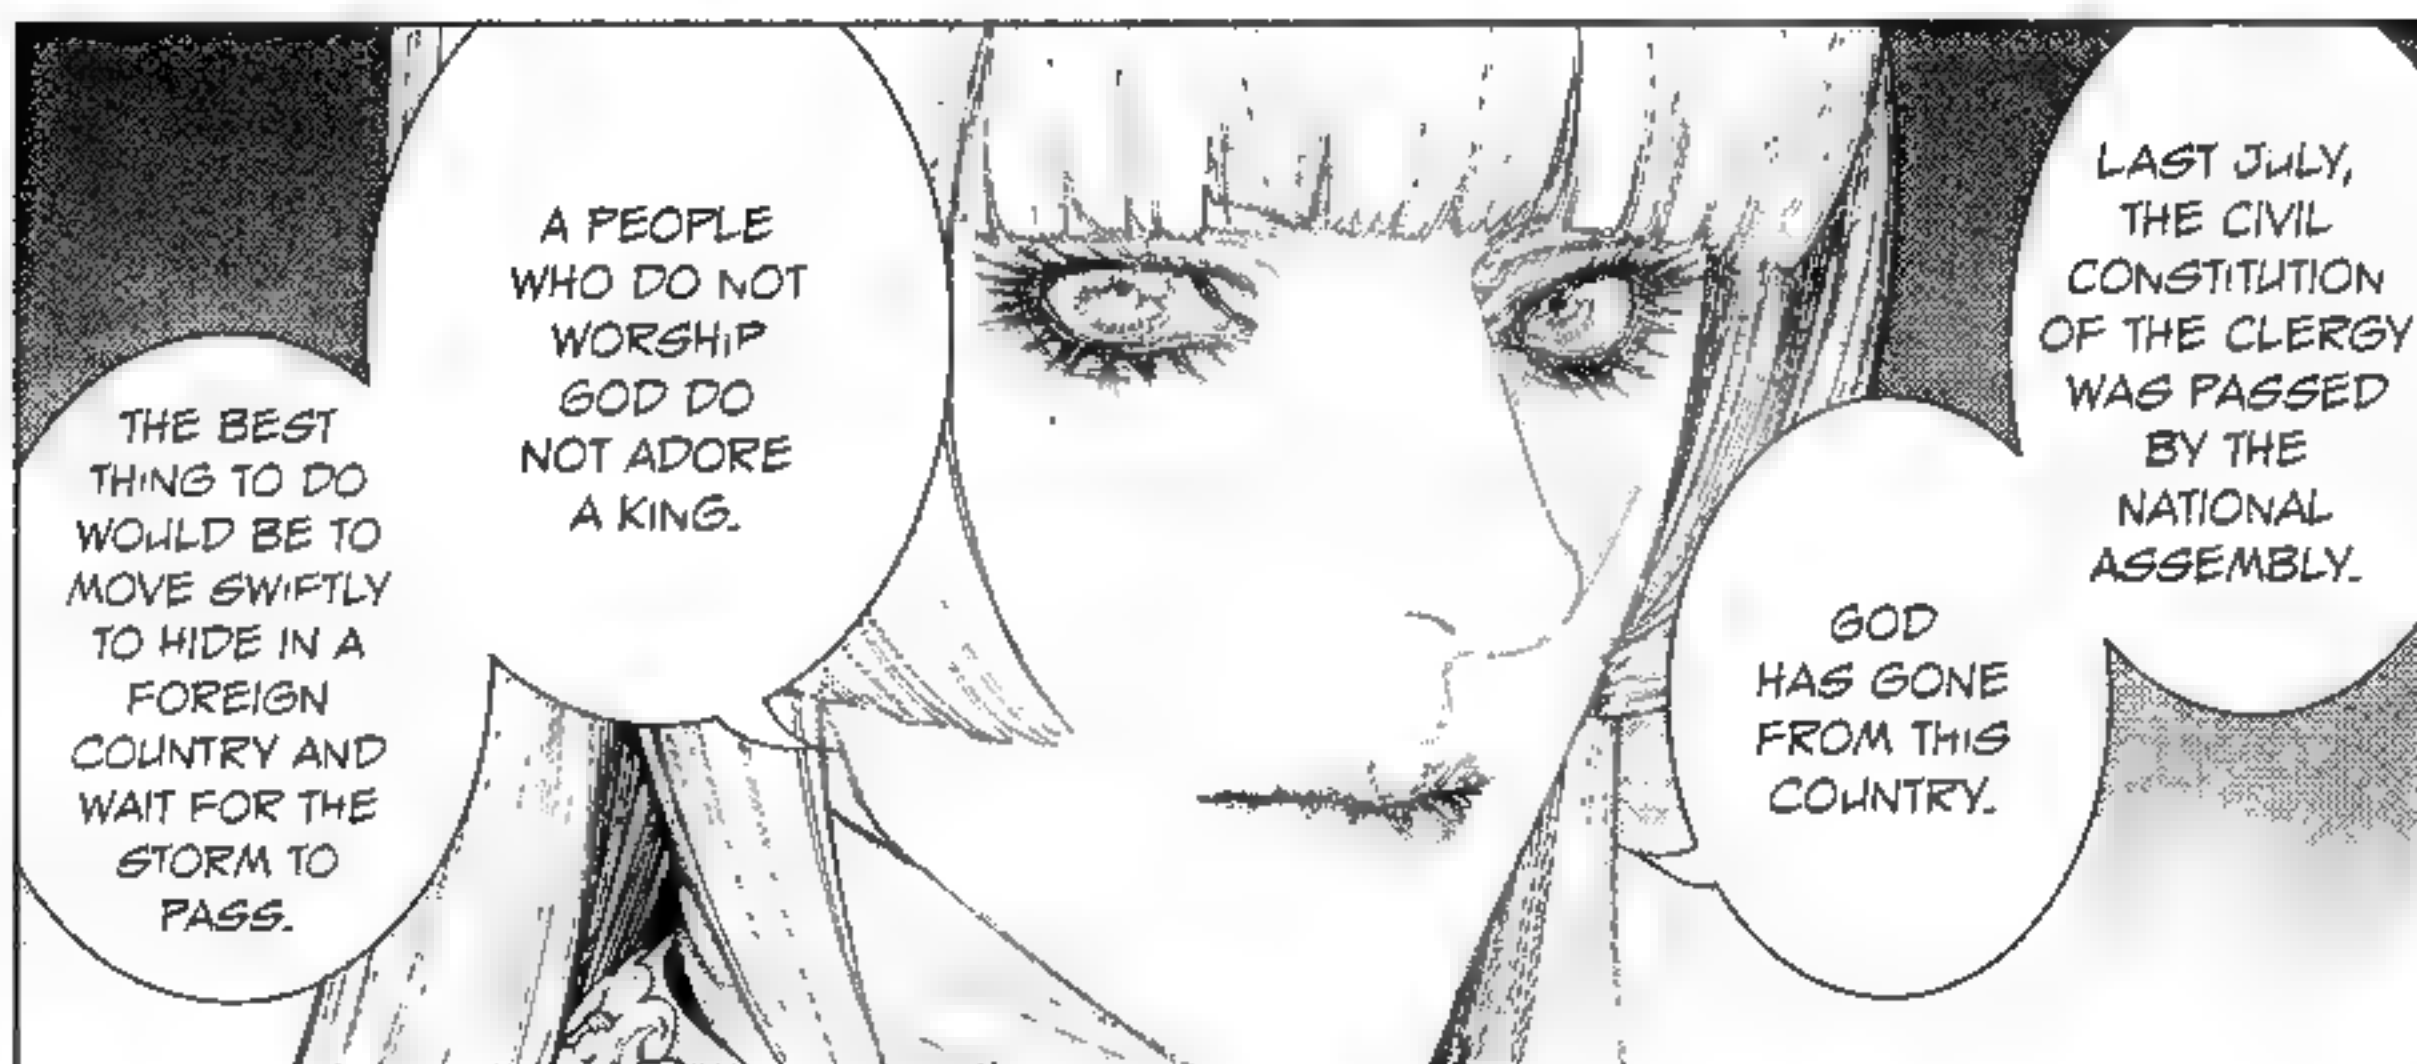

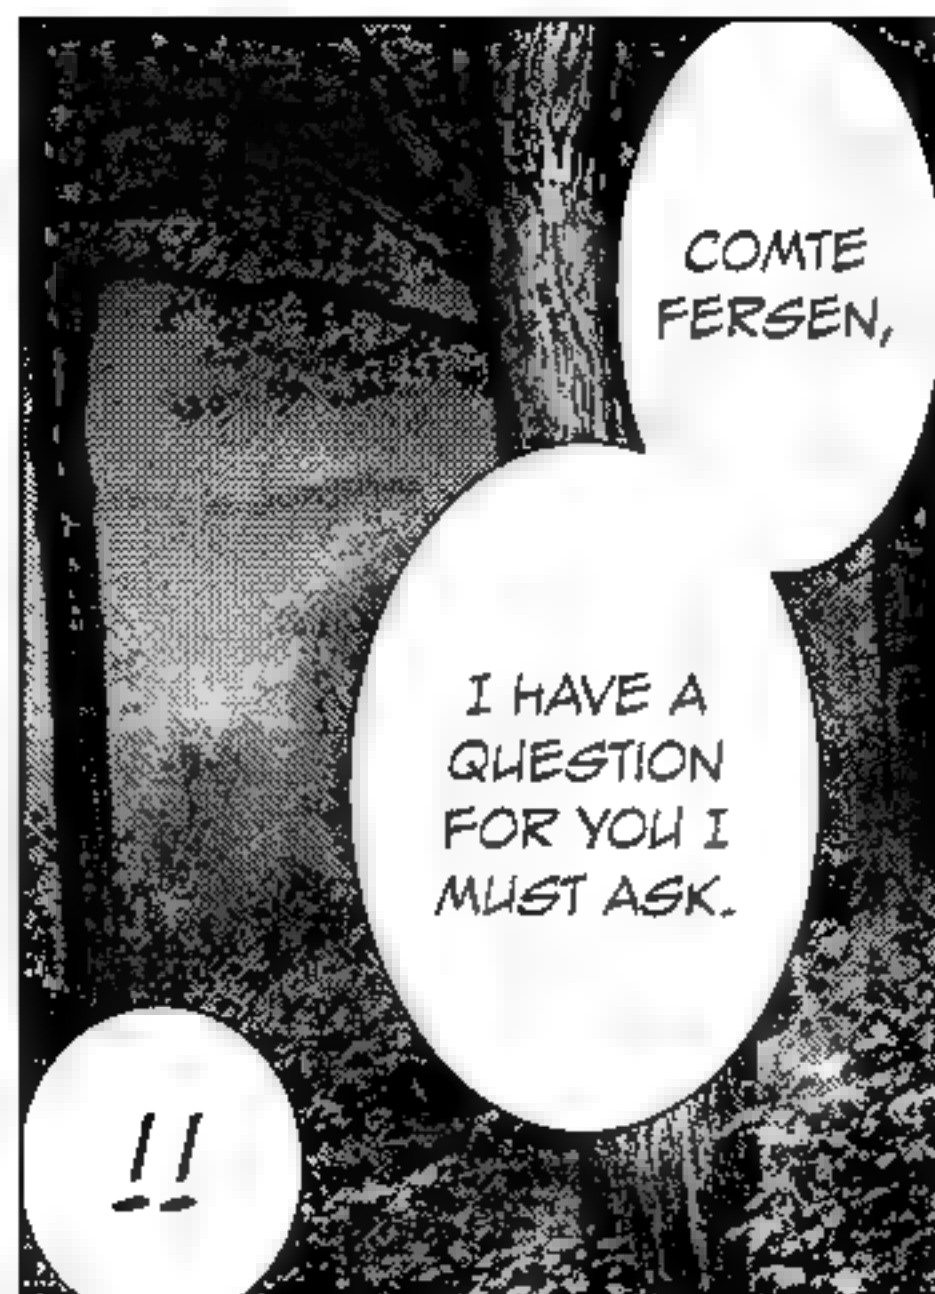

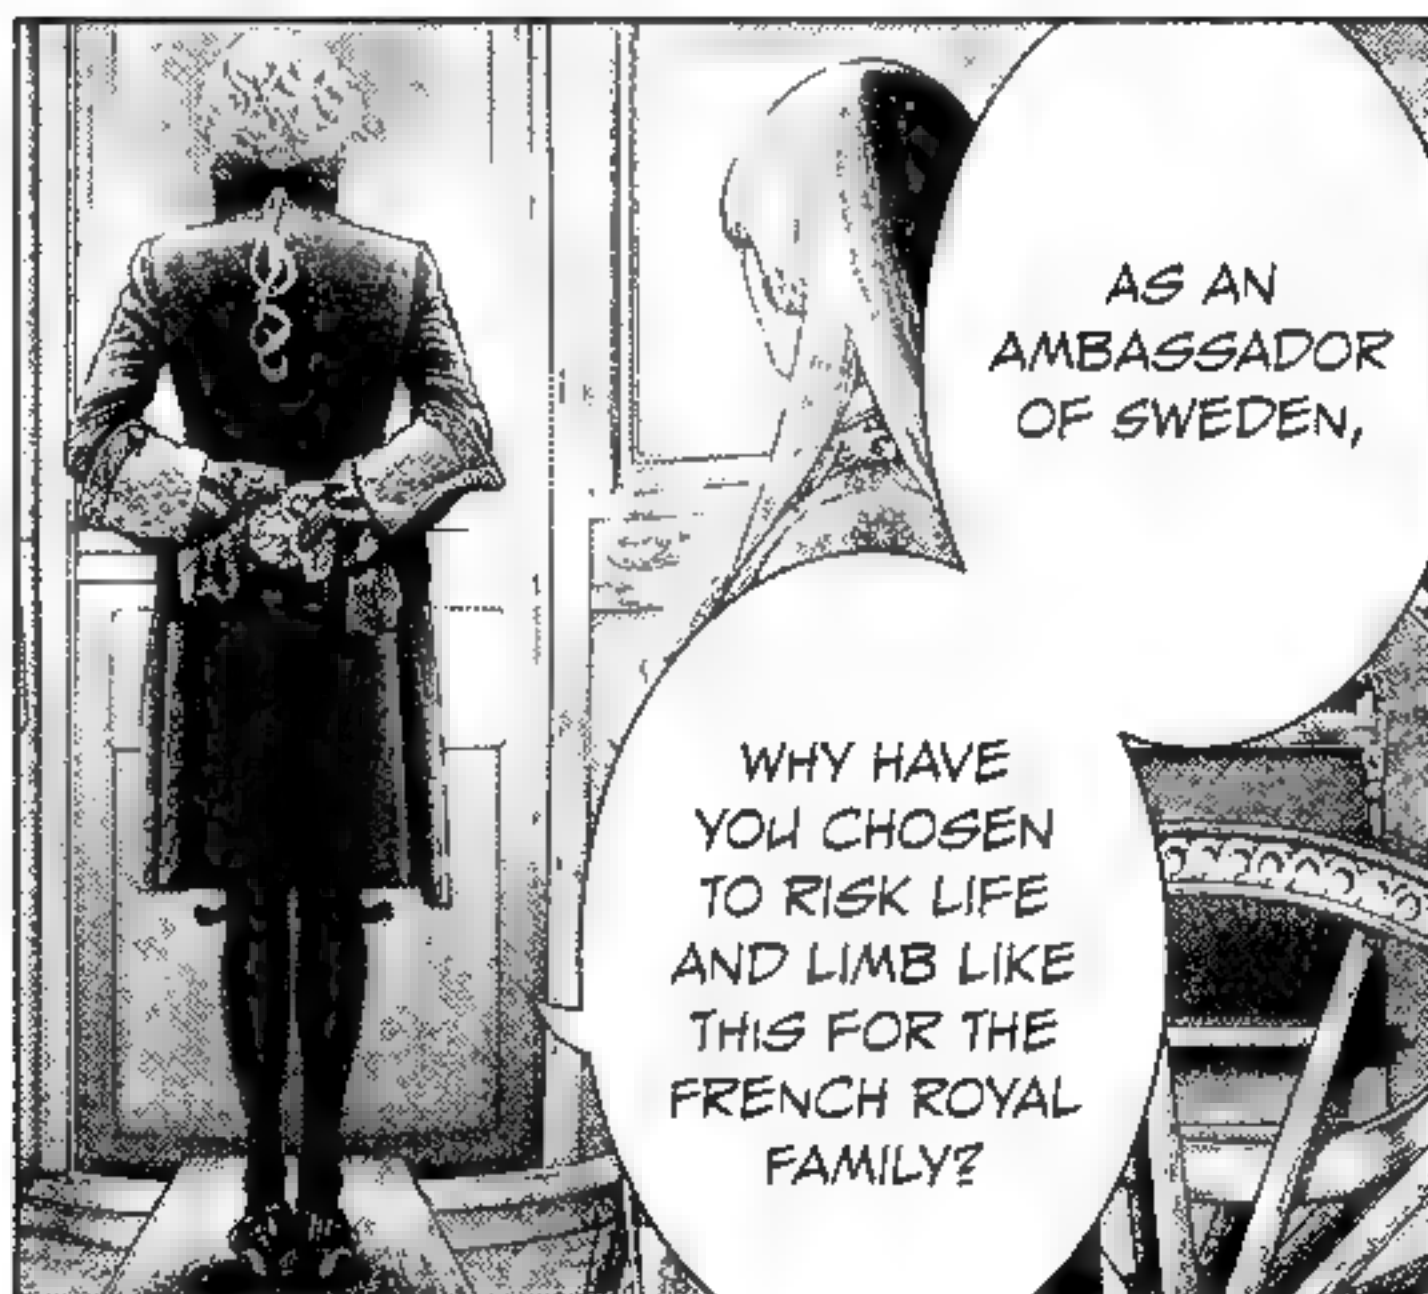

was a large,
luxurious
carriage
led by six
horses.

The
carriage
that had
been
prepared
for the
flight

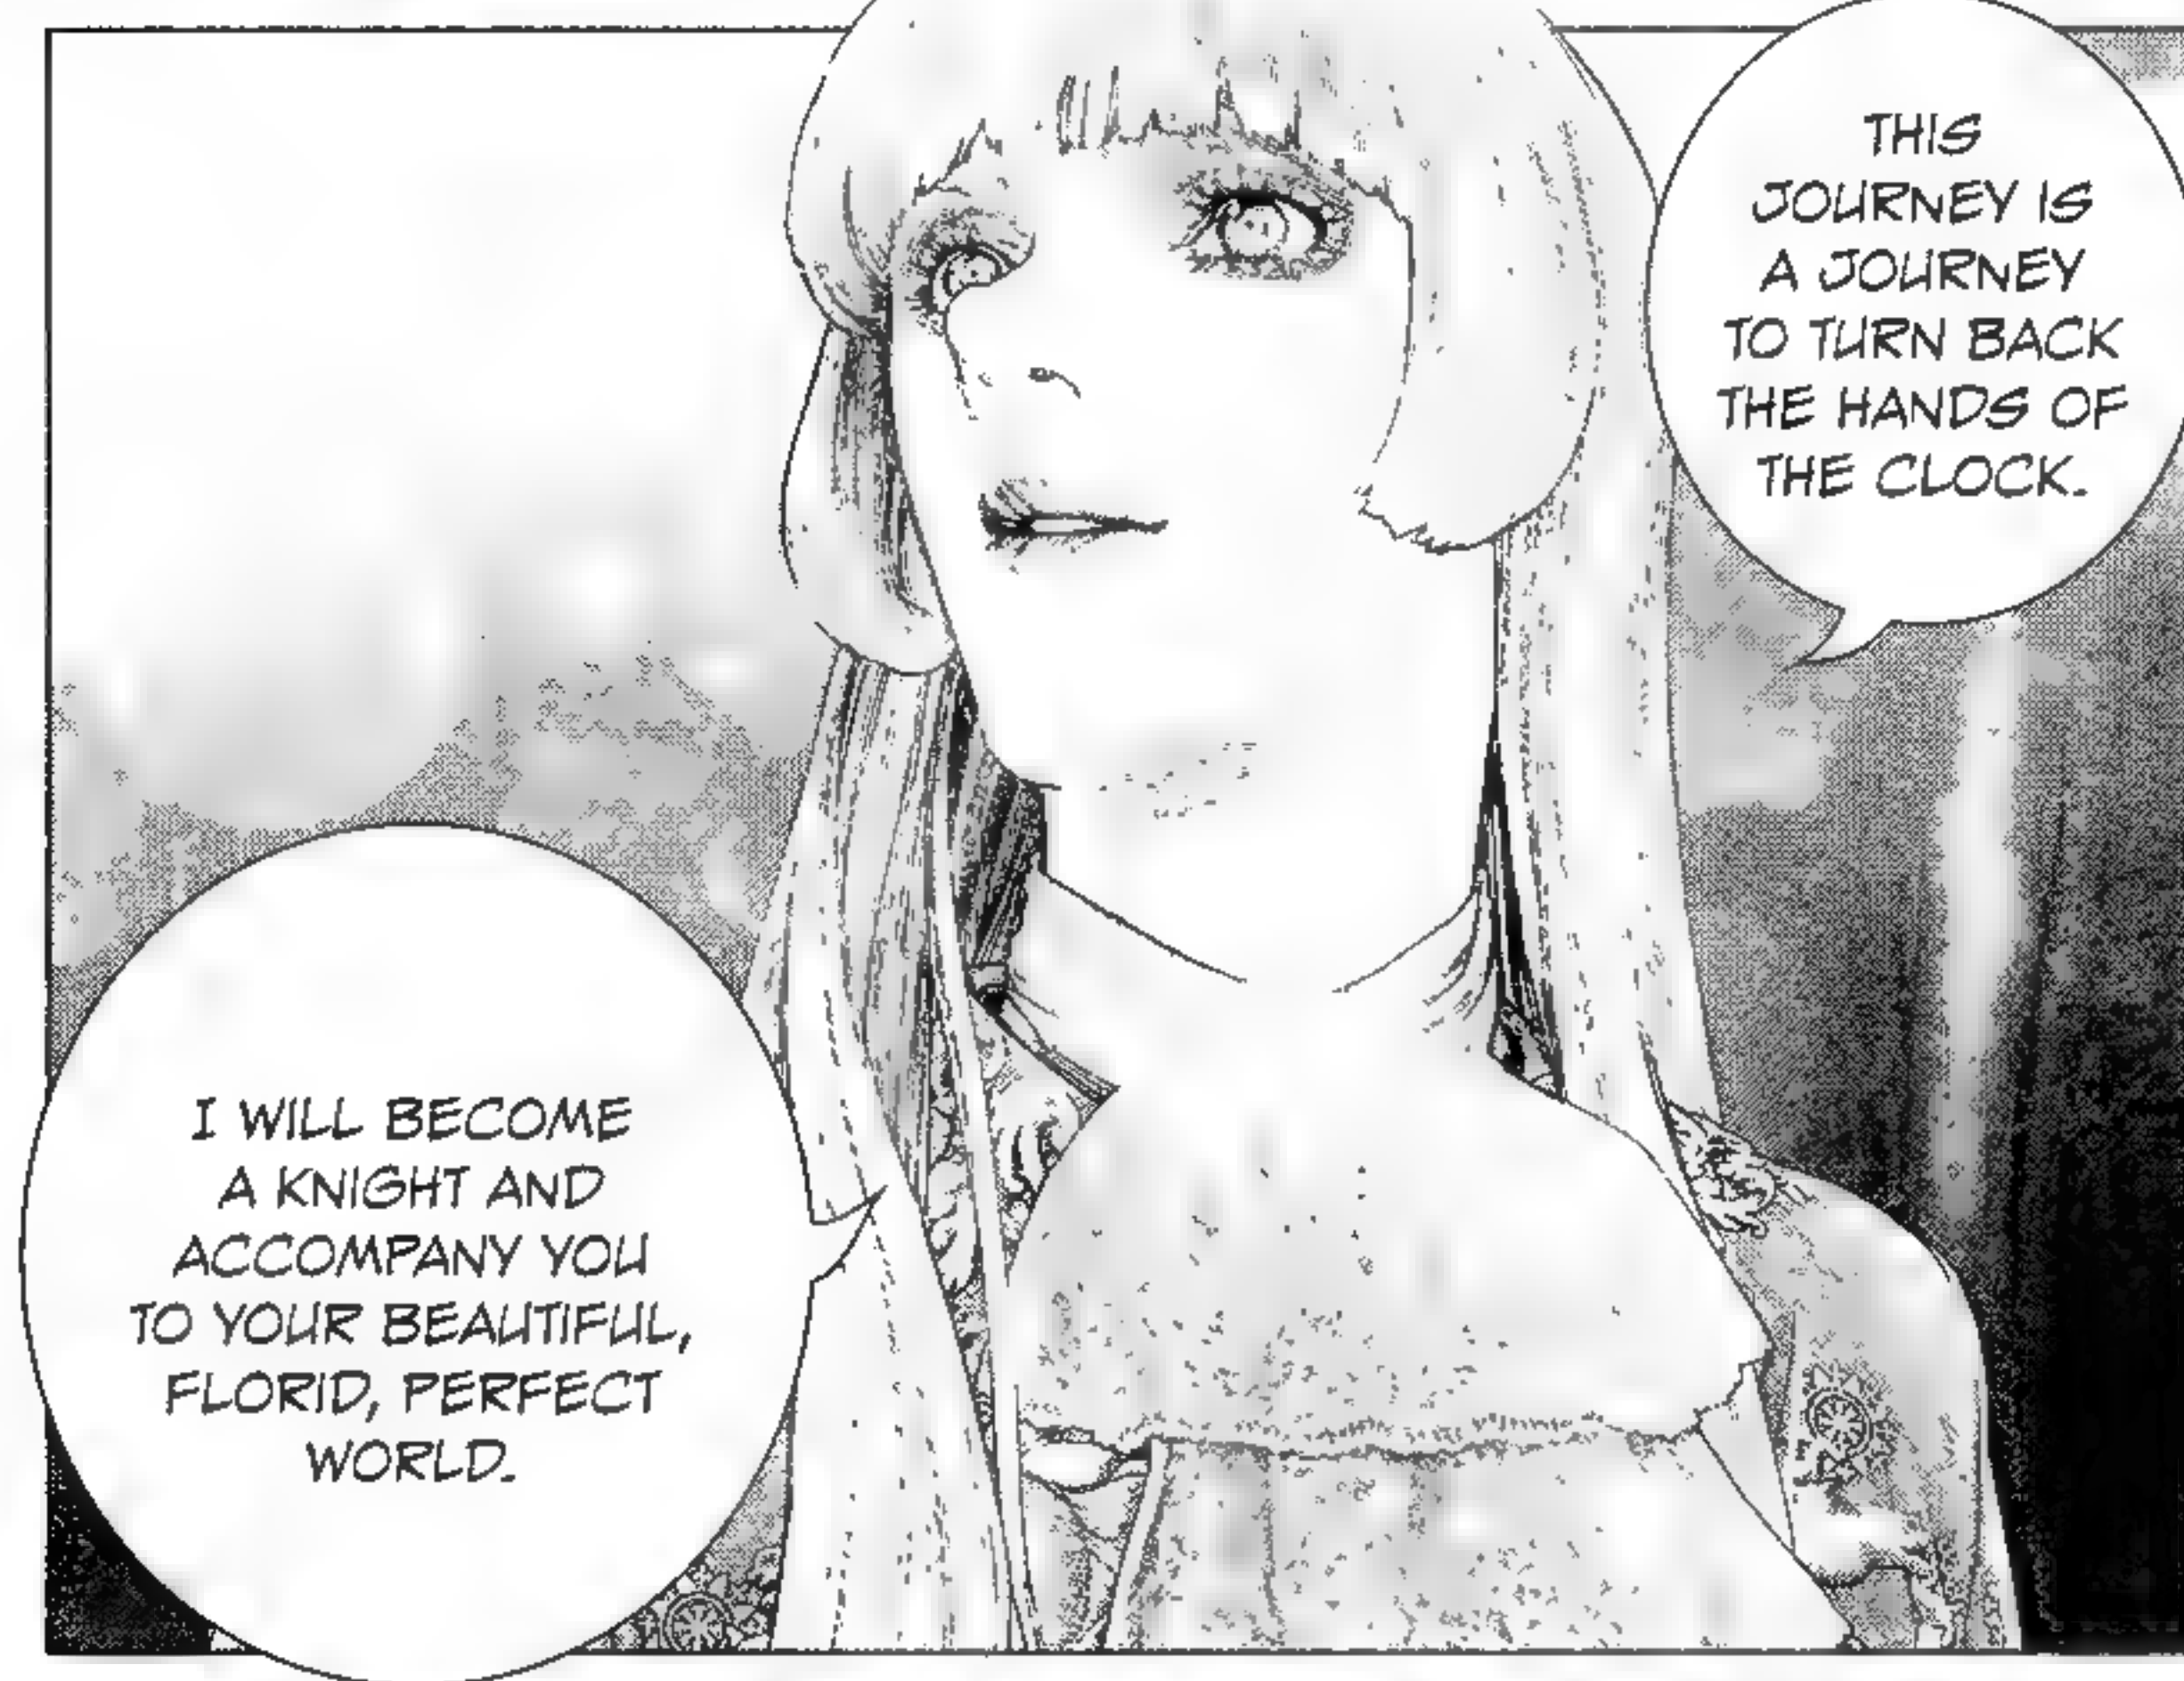

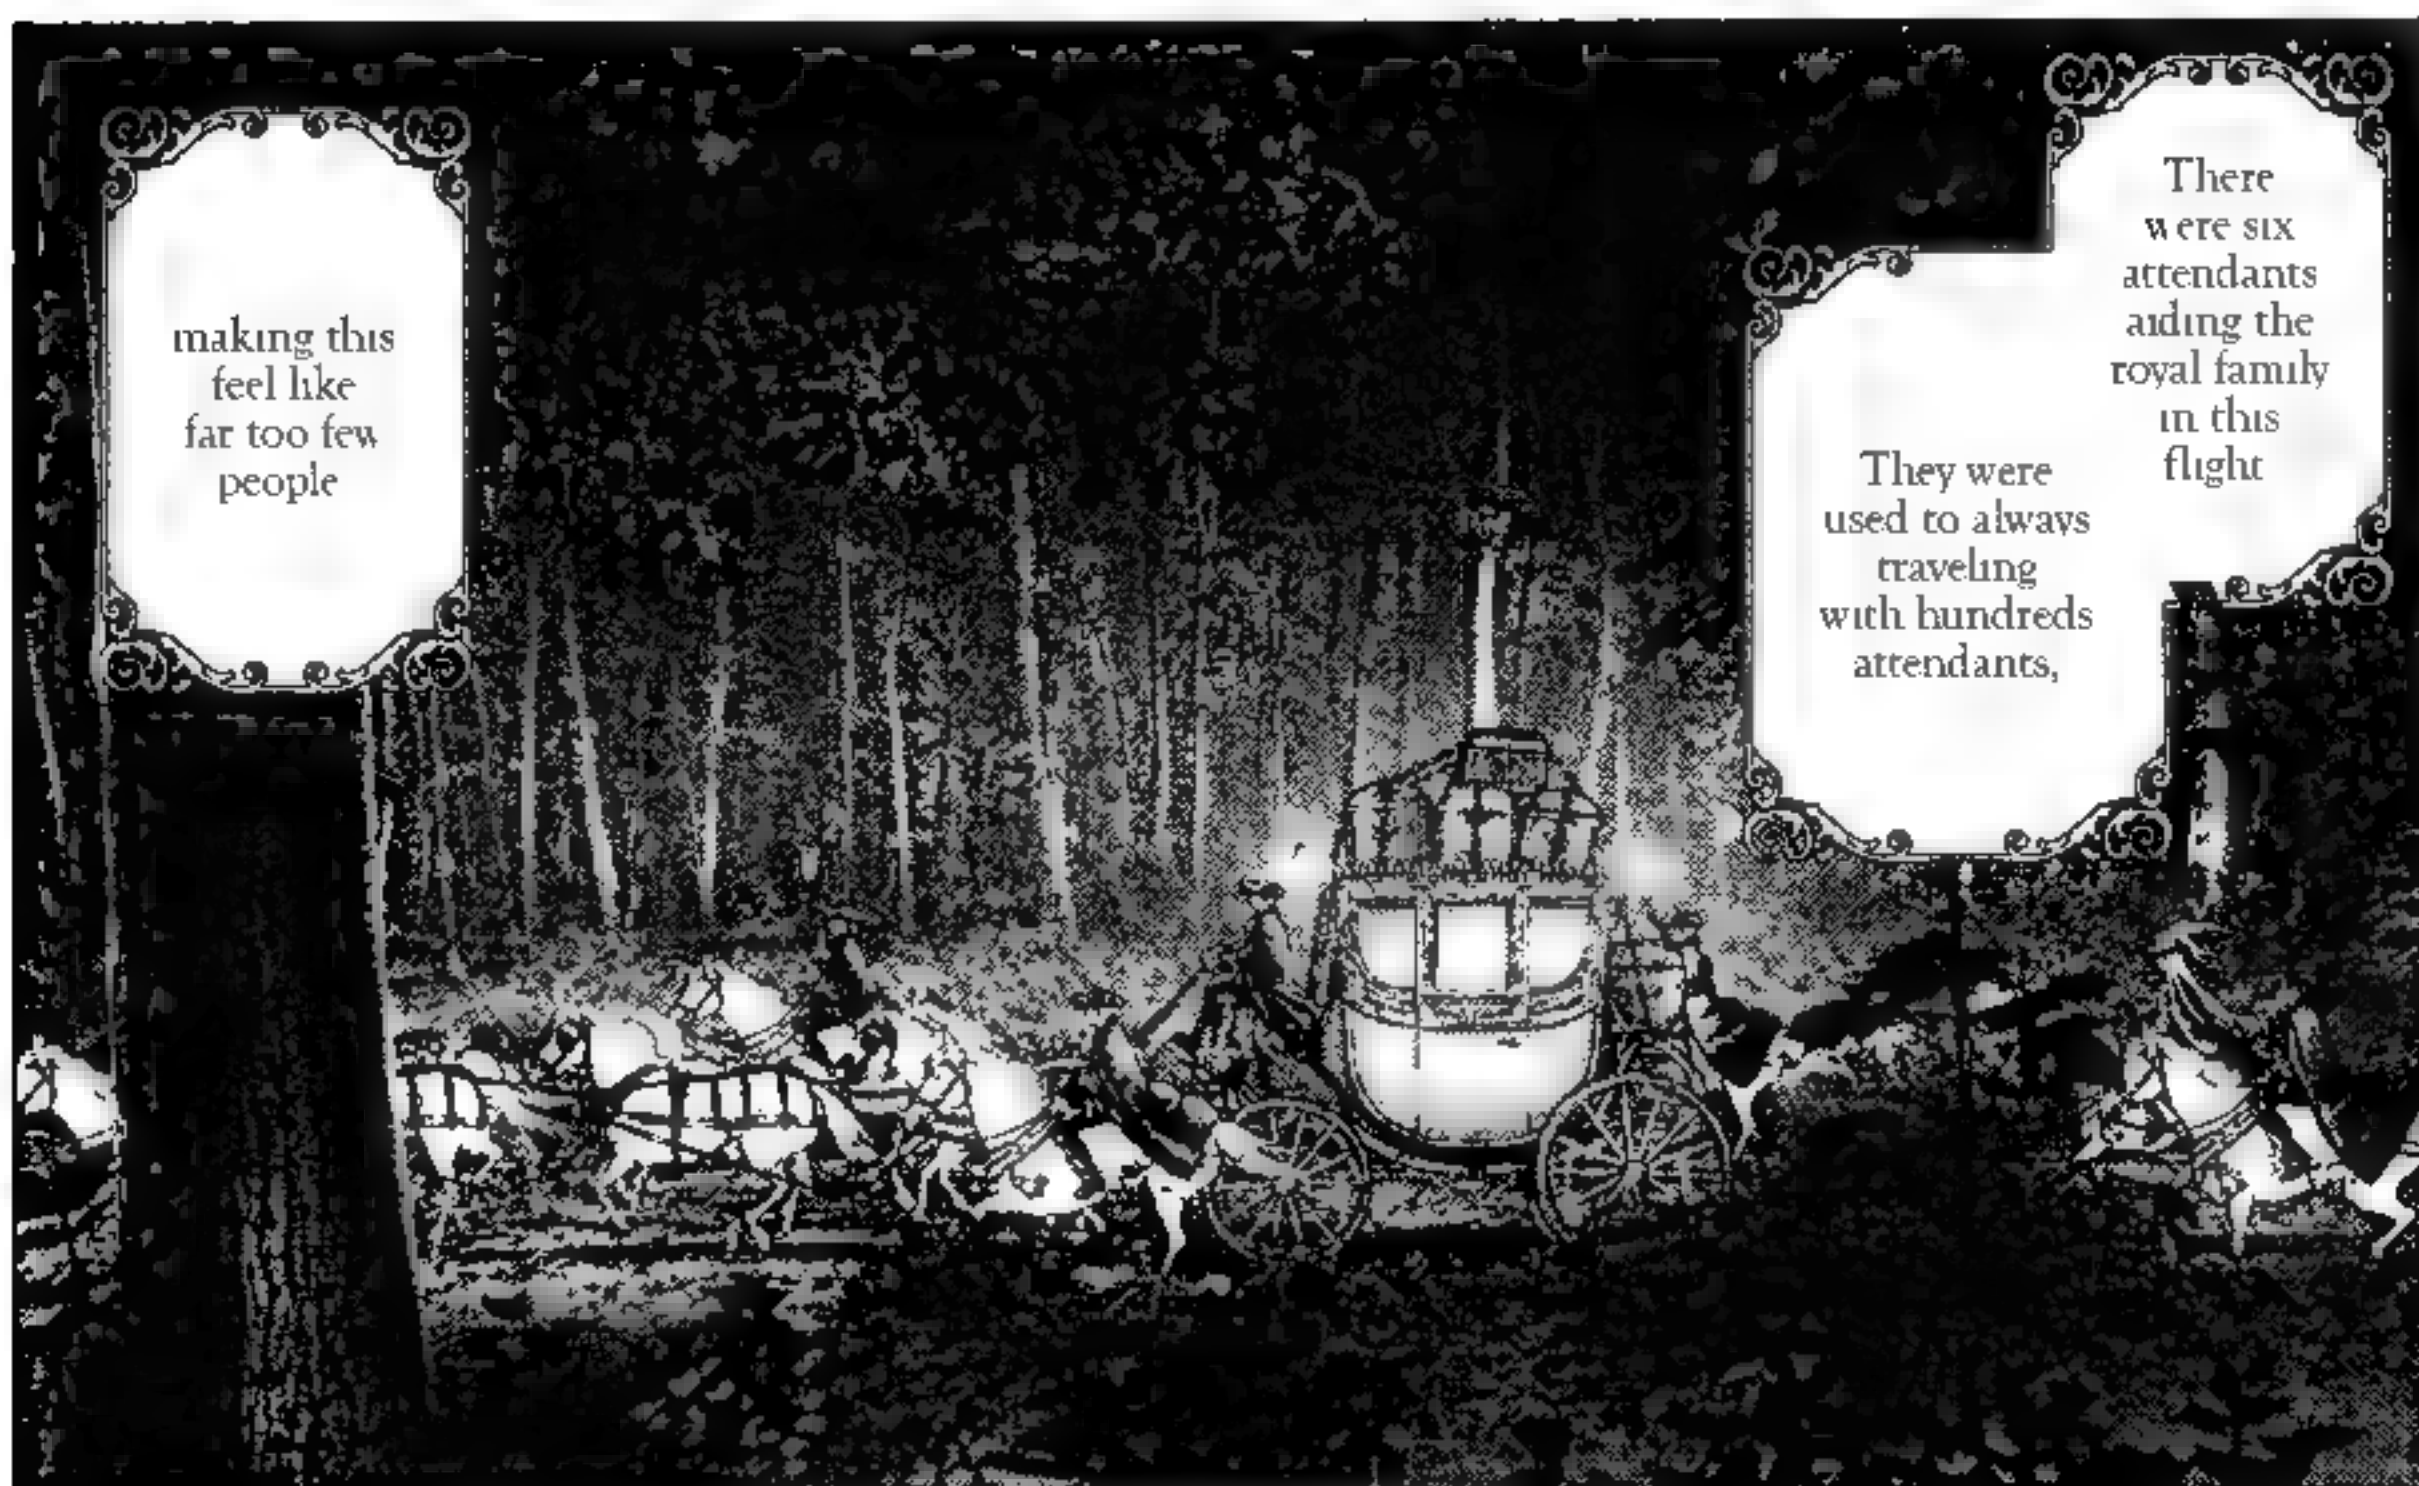

I VERY MUCH
WANT TO MEET UP
WITH LEONARD
AND HAVE
HIM REDO MY
HAIR SOON.

ONLY SIX
ATTENDANTS...

I'M RATHER
UNEASY HAVING
SO FEW
PEOPLE.

making this
feel like
far too few
people

There
were six
attendants
aiding the
royal family
in this
flight

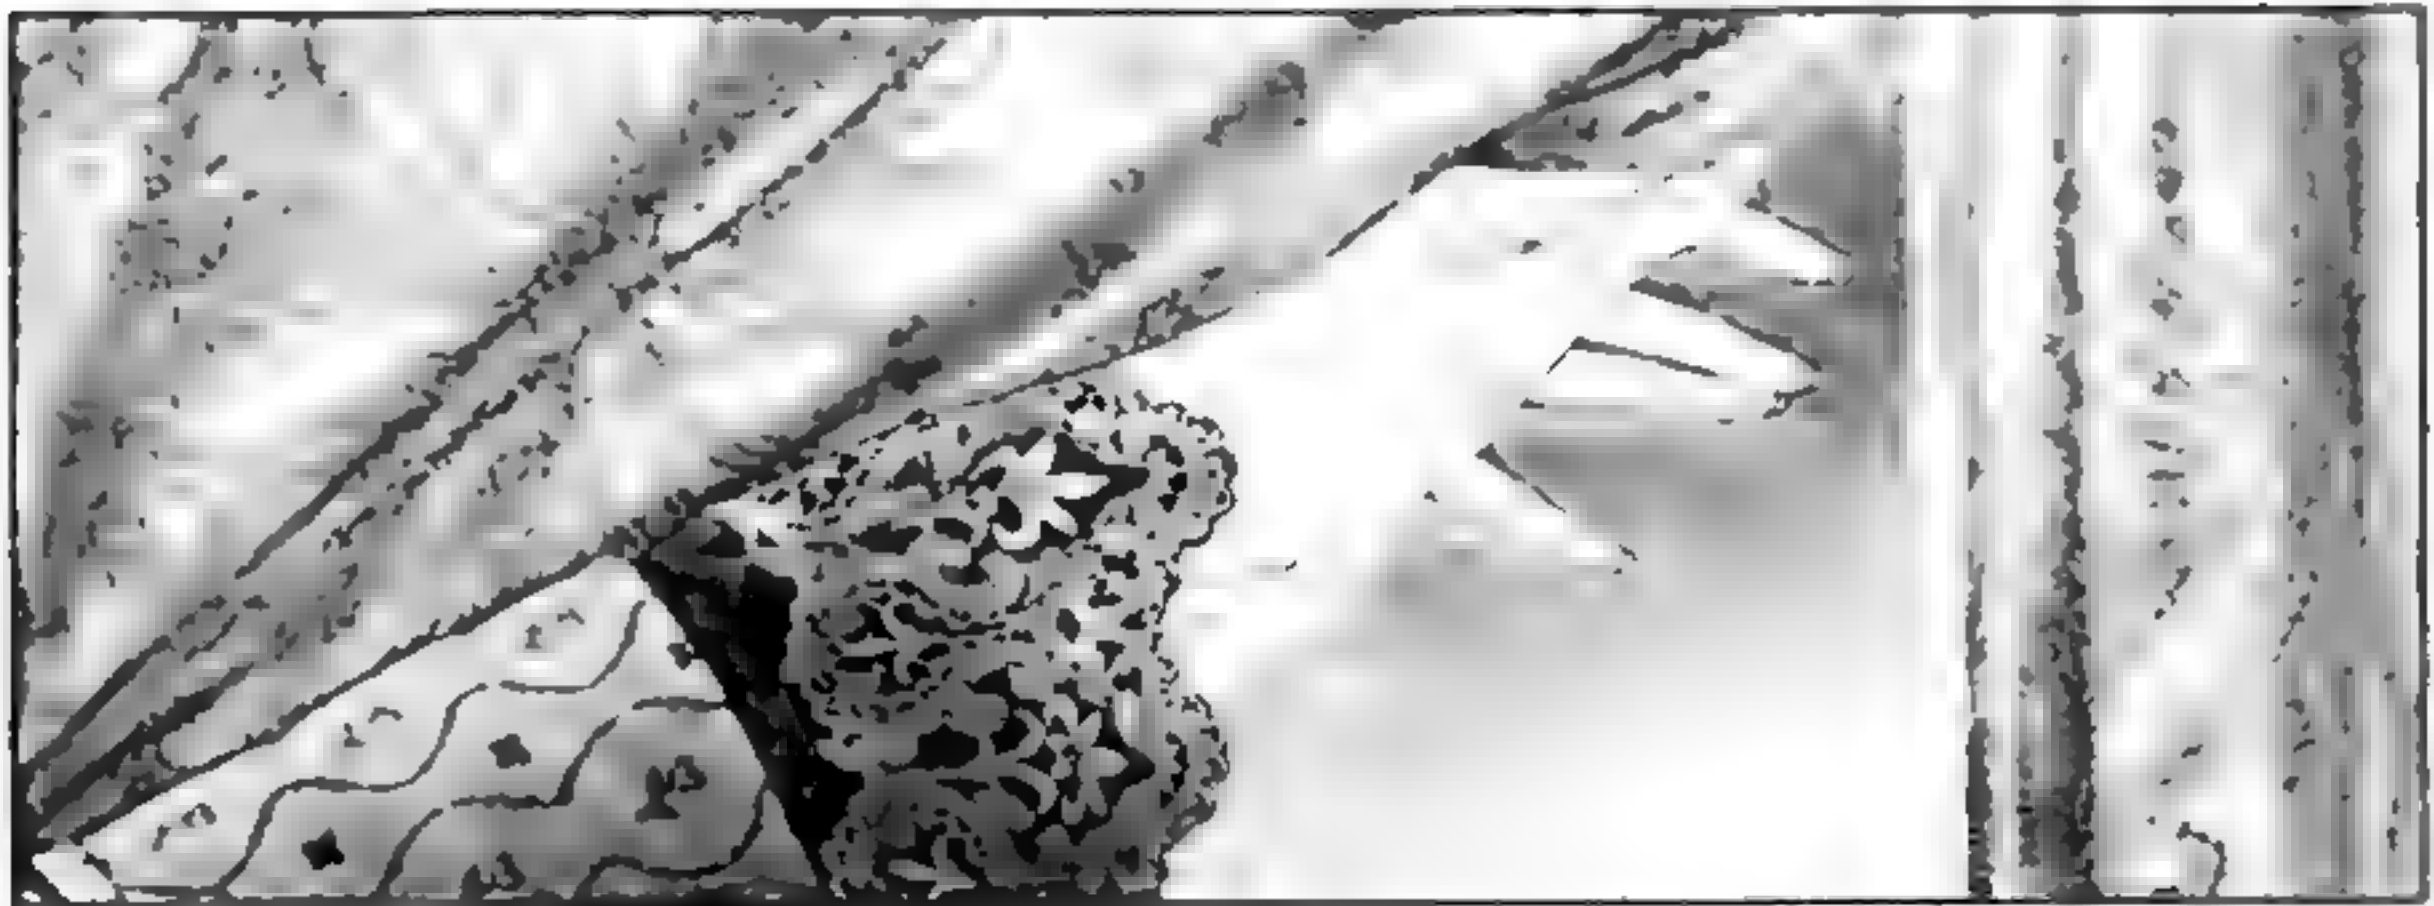

They were
used to always
traveling
with hundreds
of attendants,

COULD WE
NOT UNLOAD
UNNEEDED
BAGGAGE
SUCH AS THE
BOTTLES OF
PERFUME AND
SUCH?

THIS IS
MEANT TO BE
A ONE-DAY
JOURNEY BUT WE
HAVE SUPPLIES
ENOUGH TO
MAKE A TOUR
OF EUROPE.

COMTE
FERSEN, THE
BAGGAGE IS
TOO HEAVY. THE
CARRIAGES ARE
NOT ABLE TO
KEEP PACE.

BUT DO
YOU THINK

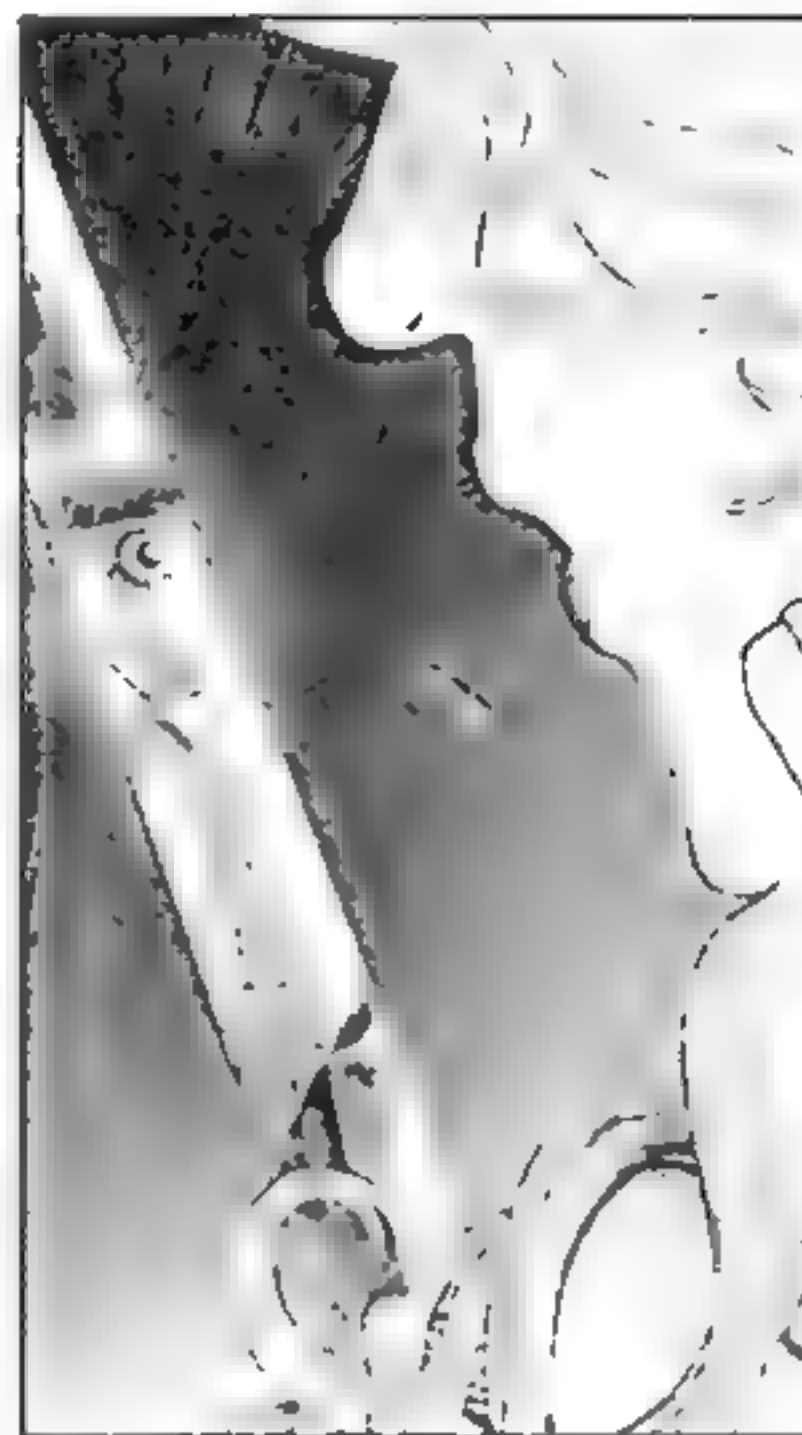

PEOPLE OF HIS
COUNTRY

AND FLED TO A
FOREIGN NATION
CAN EVER BE
FORGIVEN?

To be continued in volume 11.
A suivre dans le volume 11.

ついに最終章突入
